The last decade has seen an incredible growth in the production and distribution of images and other cultural artefacts. The internet is the place where all these cultural products are stored, classified, voted, collected and trashed. What is the impact of this process on art making and on the artist? Which kind of dialogue is going on between amateur practices and codified languages? How does art respond to the society of information? This is a book about endless archives, image collections, bees plundering from

flower to flower and hunters crawling through the online wilderness. Alterazioni Video, Kari Altmann, Cory Arcangel, Gazira Babeli, Kevin Bewersdorf, Luca Bolognesi, Natalie Bookchin, Petra Cortright, Aleksandra Domanovic, Harm van den Dorpel, Constant Dullaart, Hans-Peter Feldmann, Elisa Giardina Papa, Travis Hallenbeck, Jodi, Oliver Laric, Olia Lialina & Dragan Espenshied, Guthrie Lonergan, Eva and Franco Mattes, Seth Price, Jon Rafman, Claudia Rossini, Evan Roth, Travess Smalley, Ryan Trecartin.

Since 1947, the mysterious crash of an unidentified aircraft at Roswell, New Mexico, has fueled a firestorm of speculation and controversy with no conclusive evidence of its extraterrestrial origin -- until now. Colonel Philip J. Corso (Ret.), a member of President Eisenhower's National Security Council and former head of the Foreign Technology Desk at the U.S. Army's Research & Development

department, has come forward to tell the whole explosive story. Backed by documents newly declassified through the Freedom of Information Act, Colonel Corso reveals for the first time his personal stewardship of alien artifacts from the crash, and discloses the U.S. government's astonishing role in the Roswell incident: what was found, the cover-up, and how these alien artifacts changed the course of 20th century history.

Quando si è coinvolti in un incidente stradale, spesso è tardi per conoscere le regole: come difendersi, come tutelare le vittime e come ottenere i risarcimenti. La legge si perde in mille rivoli in continuo aggiornamento tra i quali è difficile districarsi. In questo libro l' avvocato

Domenico Musicco, il massimo esperto italiano in materia di incidenti stradali e presidente di Avisl Onlus, porta per mano il lettore alla scoperta di tanti aspetti ignoti del codice: dalla confisca del veicolo ai casi paradossali dell'omicidio stradale, dai diritti (e doveri) del pedone al Fondo di garanzia, dai processi di varia natura ai patteggiamenti, dall'ergastolo della patente alla guida con il cellulare. Un manuale veloce, ma indispensabile per tutti, in un Paese che conta ancora 52,6 morti sulle strade ogni milione di abitanti.

W. E. B. Du Bois was a public intellectual, sociologist, and activist on behalf of the African American community. He profoundly shaped black political culture in the United States through his founding role in the NAACP, as well as internationally through the Pan-African movement. Du Bois's sociological

and historical research on African-American communities and culture broke ground in many areas, including the history of the post-Civil War Reconstruction period. Du Bois was also a prolific author of novels, autobiographical accounts, innumerable editorials and journalistic pieces, and several works of history. One of the most neglected and obscure books by W. E. B. Du Bois, *In Battle for Peace* frankly documents Du Bois's experiences following his attempts to mobilize Americans against the emerging conflict between the United States and the Soviet Union. A victim of McCarthyism, Du Bois endured a humiliating trial-he was later acquitted-and faced political persecution for over a decade. Part autobiography and part political statement, *In Battle for Peace* remains today a powerful analysis of race in America. With a series introduction by editor Henry Louis Gates, Jr., and an introduction by Manning Marable, this

edition is essential for anyone interested in African American history.

Weygandt, *Managerial Accounting*, 6th Edition gives students the tools they need to succeed, whether as accountants or in other career paths. The authors present the fundamental concepts of managerial accounting in an easy-to-understand fashion in a decision-making framework for a one semester, undergraduate managerial accounting course. With an expanded emphasis on student learning, *Weygandt Managerial Accounting 6th Edition* demonstrates how invaluable management accounting information is to business decision-making. The author team of Weygandt, Kimmel, and Kieso provide

students with pedagogy that helps develop decision-making skills, so students can be successful as future business professionals. The decision making pedagogy, easy-to-understand writing style, and quality end of chapter material have been the hallmark features that have made *Managerial Accounting*, by Weygandt, Kimmel, and Kieso one of the most popular books for this course.

Real-World Emphasis – the authors continue the practice of using numerous examples from real-world companies in chapter openers and in the Management Insight boxes.

Accounting Across the Organization – gives students business context by showing how people, often in non-accounting functions, use accounting information to make decisions. Expanded

Emphasis Service Company – prepares students for work in the service industry market, and shows that accounting is relevant to both service and manufacturing companies.

Do IT! Exercises – teach students how to apply their knowledge quickly after they've learned it.

Comprehensive Homework Material – each chapter concludes with Self-Test Questions, Questions, Brief Exercises, Do IT! Review, Exercises, and Problems.

Broadening Your Perspective Section – is designed to help develop students' decision-making and critical thinking skills.

New to this Edition Use of Current Designs (kayak-making company)—introduced in new Chapter 1 Feature Story, and is the basis for new Broadening Your Perspective problem— presents managerial accounting

situations that are based on the operations of a real company. People, Planet, and Profit Insight Boxes, featuring sustainability approaches of real companies. New Broadening Your Perspective problem: Considering People, Planet, and Profit, which requires students to consider examples of real cases, such as the costs associated with an oil-refinery accident versus the costs of improving safety/work conditions. New Wiley Managerial Accounting Videos use real, successful companies to demonstrate and reinforce managerial accounting concepts. New easy-to-read spreadsheet illustrations improve readability as well as comparability to Excel. Bloom's taxonomy codes added to Brief Exercises, Do it! Review, Exercises and Problems, for quick assessment

categorization. Updated End-of-chapter homework material.

This book provides students with a thorough theoretical understanding of electromagnetic field equations and it also treats a large number of applications. The text is a comprehensive two-semester textbook. The work treats most topics in two steps – a short, introductory chapter followed by a second chapter with in-depth extensive treatment; between 10 to 30 applications per topic; examples and exercises throughout the book; experiments, problems and summaries.

The new edition includes: modifications to about 30-40% of the end of chapter problems; a new introduction to electromagnetics based on behavior of charges; a new section on units; MATLAB tools for solution of problems and demonstration of subjects; most chapters include a summary. The book is an undergraduate textbook at the Junior level, intended for required classes in electromagnetics. It is written in simple terms with all details of derivations included and all steps in solutions listed. It requires little beyond basic calculus and can be used for self-study. The wealth of examples and alternative explanations makes it very approachable by students. More than

400 examples and exercises, exercising every topic in the book Includes 600 end-of-chapter problems, many of them applications or simplified applications Discusses the finite element, finite difference and method of moments in a dedicated chapter

She's the one woman I'd give anything to forget--and now I'm stuck living with her. I'm making a fresh start in Lake Tahoe, until my stubborn sister decides to move Mira into our cabin. I'll be damned if I move out on Mira's account. Nothing has changed in the years since I last saw Mira. Her tempting body and smart mouth taunt me daily. The only hope I have at keeping my sanity is the knowledge that Mira is hiding something. Sooner or later I'll discover her secret, and knowing her, it'll be damning. But first, I have to ignore the urge to kiss and touch and make Mira mine again. --EXCERPT-- I grab her waist, guiding her back against the

shelves. She kisses my cheekbone, nibbles my earlobe. "We can't do this here." That nibble shoots straight to my groin. "I beg to differ. I think we can manage."
