Summary Modern C focuses on the new and unique features of modern C programming. The book is based on the latest C standards and offers an up-to-date perspective on this tried-and-true language. About the technology C is extraordinarily modern for a 50-year-old programming language. Whether you're writing embedded code, low-level system routines, or high-performance applications, C is up to the challenge. This unique book, based on the latest C standards, exposes a modern perspective of this tried-and-true language. About the book Modern C introduces you to modern day C programming, emphasizing the unique and new features of this

powerful language. For new C coders, it starts with fundamentals like structure, grammar, compilation, and execution. From there, you'll advance to control structures, data types, operators, and functions, as you gain a deeper understanding of what's happening under the hood. In the final chapters, you'll explore performance considerations, reentrancy, atomicity, threads, and type-generic programming. You'll code as you go with concept-reinforcing exercises and skill-honing challenges along the way. What's inside Operators and functions Pointers, threading, and atomicity C's memory model Hands-on exercises About

A HILARIOUS
COMPILATION OF THE
WORST JOB APPLICATIONS
IMAGINABLE - A PERFECT
STOCKING FILLER OR
OFFICE SECRET SANTA
GIFT THIS CHRISTMAS.
Ever read a truly terrible job application? Or perhaps slightly exaggerated the truth on one of your own... We've all been there - but these are worse. So much worse. From overly-honest cover letters, embarrassing typos, and mortifying personal revelations, to awkward interview questions, misplaced self-confidence, and, of course, outright lies. This hilarious collection of shockingly dreadful job applications, crap CVs and excruciating interviews will have you laughing out loud, while also making you feel so much better about yourself - because at least you weren't ever this bad . . . Application for Employment I refer to the recent death of the Technical Manager at your company and hereby apply for the replacement of the deceased manager. Each time I apply for a job, I get a reply that

there is no vacancy but in this case I have caught you red-handed and you have no excuse because I even attended the funeral to be sure that he was truly dead and buried before applying. Attached to my letter is a copy of my CV and his death certificate. The Interview: Q. Is there anything about this job that you feel you might not be very good at? A. Dealing with people. Q. What person, living or dead, would you most like to meet? A. The living one.
