The Practice of English Language Teaching Insight Editions  
This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists.

The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

Whether it's "Flashback Friday" or "Throwback Thursday," audiences are hungry for nostalgic film and television, and the streaming giant Netflix serves up shows from the past that satisfy this craving, in addition to producing original contemporary content with nostalgic flavor. As a part of the series "Reboots, Remakes and Adaptations" originated by series editors Dr. Carlen Lavigne and Dr. Paul Booth, this edited volume focuses exclusively on the intersection between the Netflix platform and

---

the current nostalgia trend in popular culture. As both a creator and distributor of media texts, Netflix takes great advantage of a wide variety of audience nostalgic responses, banking on attracting audiences who seek out nostalgic content that takes them back in time, as well as new audiences who discover “old” and reimagined content. The book aims to interrogate the complex and contradictory notions of nostalgia through the contemporary lens of Netflix, examining angles such as the Netflix business model, the impact of streaming platforms such as Netflix on the consumption of nostalgia, the ideological nature of nostalgic representation in Netflix series, and the various ways that Netflix content incorporates nostalgic content and viewer responses. Many of the contributed chapters analyze current, ongoing Netflix series, providing very timely

and original analysis by established and emerging scholars in a variety of disciplines. What can we learn about our selves, our times, our cultures, in response to an examination of “Netflix and Nostalgia”?

When I looked up, I was startled by a vision that invaded all of my view. From out of the sun, I watched a line of people walking across the sky toward me. They were covered

with sunlight and seemed to be of the sunlight. The first person to appear from within the sunlight was a man. Following behind him was a woman who had a large load in her arms as she walked. The person to follow her was a greater Man. He held an even greater load in His arms. As I looked at this third person, The Lord spoke into my heart and said, "You are carrying a load, but while you carry this load, I will carry you. You are pregnant. Now go and carry Isabella to her parents." Following that man from within the sun, many people were walking. Some of them held things like instruments, and some held tools and equipment while marching. And in this large group, there were others who seemed to be dancing while following in this great formation. The vision came to an end, and I became aware of myself lying on my sheet again. I was in awe at what I had seen and began thinking about what The

Lord had spoken to my heart, as I was absolutely sure of His communication with me in that moment. Though every piece of the vision was yet to be interpreted to me, I knew I was pregnant, and I was sure that that baby girl growing inside of me was to be named Isabella.
