[Mao II - Wikipedia](#)

Mao II is a masterpiece of contemporary fiction. In Delillo's canon, I rate it better than *White Noise* and on par with his massive opus, *Underworld*. Despite Mao II's relative brevity, the denseness of ideas contained within are staggering. This was easily one of the best books of the 1990's, if not the last quarter century.

Look for a Writer and Find a Terrorist - The New York Times

MAO II by Don DeLillo ? RELEASE DATE: June 1, 1991 With a formidable body of work behind him, DeLillo has earned the reflexive musings of this heady portrait of an obsessed and reclusive writer—a novelist haunted by the corruptions of an image-dominated world, and hunted by those who deny him the eloquence of silence.

[Mao II - Don DeLillo - 1991](#)

Mao II is one of Delillo's best novels. It is not as good as *Underworld*, *The Names* or *Libra*, but it would rank shortly after. It concerns an infamous cult and a reclusive writer, but, as with all of Delillo's later novels, the plot really is not important, is it?

Mao II is a 1991 fictional, postmodern novel written by American novelist, playwright, and short story writer Don DeLillo. He dedicated the book to his good friend Gordon Lish, another American...

MAO II | Kirkus Reviews

Mao II, published in 1991, is Don DeLillo's tenth novel. The book tells the story of a novelist, struggling to finish a novel, who travels to Lebanon to assist a writer being held hostage. The title is derived from a series of Andy Warhol silkscreen prints depicting Mao Zedong. DeLillo dedicated the book to his friend Gordon Lish.

[Mao II Quotes by Don DeLillo - Goodreads](#)

Mao II centers around two events: the emergence of a reclusive author in New York and a hostage crisis in Lebanon. That both events are treated with the glibness and breakneck pace of news cycles isn't, in and of itself, reason to praise this novel, even if you consider that DeLillo does so as a commentary.

As with much of DeLillo's work, Mao II is situated within its contemporary social and political context. Throughout the novel, the death of the Ayatollah Khomeini, the civil war in Lebanon, the advances in consumer technology, the rise of international terrorism, and the peculiar practices of the Unification Church are all employed as plot points.
