Mapping Decline: St. Louis and the American City ...

Between 1940 and 1950, whites settled throughout the suburban St. Louis counties and in a few tracts surrounding Forest Park and in the City ' s southern reaches. Many of these were new arrivals to the St. Louis area, but many (evidenced by the collapsing white population in many central city tracts) were moving from the City to its suburbs.

Mapping Decline: St. Louis and the Fate of the American...

Mapping Decline St. Louis and the Fate of the American City (Book) : Gordon, Colin : Once a thriving metropolis on the banks of the Mississippi, St. Louis, Missouri, is now a ghostly landscape of vacant houses, boarded-up storefronts, and abandoned factories. The Gateway City is, by any measure, one of the most depopulated, deindustrialized, and deeply segregated examples of American urban decay.

Mapping Decline | Colin Gordon | The University of Iowa

Mapping Decline is nothing short of monumental."—Urban History "Colin Gordon has infused the 'old' story of urban decline with new energy and urgency. His mapping of St. Louis's evolution is a powerful indictment of the distorting, segregating, and wasteful effects of public policy over several generations. Yet the book is not just about history.
