This is a work of unprecedented scope, tracing the origins of Jewish autobiographical writing from the early modern period to the early twentieth century. Drawing on a multitude of Hebrew and Yiddish texts, very few of which have been translated into English, and on contemporary autobiographical theory, this book provides a literary/historical explanatory paradigm for the emergence of the Jewish autobiographical voice. The book also provides the English reader with an introduction to the works of central figures in the history of Hebrew and Yiddish literature, and it includes discussion of material that has never been submitted to literary critical analysis in English.

Autobiography is one of the most popular of written forms. From Casanova to Benjamin Franklin to the Kardashians, individuals throughout history have recorded their own lives and experiences. These personal writings are central to the work of literary critics, philosophers, historians and psychologists, who have found in autobiographies from across the centuries not only an understanding of the ways in which lives have been lived, but the most fundamental accounts of what it means to be a self in the world. In this Very Short Introduction Laura Marcus defines what we mean by 'autobiography', and considers its relationship with similar literary forms such as memoirs, journals, letters, diaries, and essays. Analysing the core themes in autobiographical writing, such as confession, conversion and testimony; romanticism and the journeying self; Marcus discusses the autobiographical consciousness (and the roles played by time, memory and identity), and considers the relationship between psychoanalysis and autobiography. Exploring the themes of self-portraiture and performance, Marcus also discusses the ways in which fiction and autobiography have shaped each other. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Jerrie Marcus Smith remembers her great aunt Carrie as a humorless woman who always wore black and who, Jerrie says, "scared me to death." Only as an adult did Jerrie grasp the impact of Carrie Marcus Neiman. Along with her brother, Herbert Marcus Sr., and her husband A.L. Neiman, Carrie co-founded in 1907 the famed Neiman Marcus department store in Dallas, Texas. Carrie played an integral role in the store's success, despite having three strikes against her: she was a woman, she was Jewish, and (after her husband's illicit relationship with a second-floor saleswoman) she was divorced. Yet with impeccable taste and exemplary manners, she traveled as a buyer to New York in the 1920s (without a man!) and, as Jerrie says, "was nobody's pushover." Carrie was self-taught and never attended college. Her only pregnancy ended in miscarriage; she worked at Neiman Marcus until her death at age 66. Yet through memories shared by her father, the late Neiman Marcus legend Stanley Marcus, as well as through spellbinding interviews with long retired salespeople, Jerrie has felt inextricably tied to Carrie. Each recollection of Aunt Carrie, each remembrance, each detail melted away Jerrie's childhood fear of the stern woman in black, leaving in its place a colorful portrait of a person to be admired, to be loved and--perhaps most of all--to be shared. "This

captivating portrait of a strong and elegant woman will take you through fashion into the journey of a changing America and the birth of its most prestigious store, Neiman Marcus."--Diane von Furstenberg, fashion designer, philanthropist "A Girl Named Carrie is essential reading for everyone who admires the establishment and growth of the iconic Neiman Marcus, which set the standard for the American department store era and influenced stores around the world. Carrie Marcus Neiman was present at the creation and established the essential concepts that remain today. Yes, it's a must-read!"--Leonard A. Lauder, Chairman Emeritus, The Estée Lauder Companies Inc. "There's a reason Life magazine sent some of its most celebrated photographers to capture the Neiman Marcus world: X, Y, and Z. A Girl Named Carrie shows us all of them."--Bill Shapiro, Former Editor-in-Chief of Life magazine "Carrie Marcus Neiman--A Female Founder and Chair of the Board long before this was even a dream of women. As the co-Founder of Neiman Marcus, she brought contemporary styles of Ready to Wear to women who had always had tailor-made clothes. She was a true disruptor in the industry and a constant inspiration to me as the next female CEO of the company 103 years later. "--Karen Katz, Former CEO Neiman Marcus Group "Thoughtful and evocative, A Girl Named Carrie tells the often remembered but never-before recorded history of Carrie Marcus Neiman. As an arbiter of taste and supporter of culture, "Aunt Carrie" not only brought clothing from New York and Paris to Dallas but placed Dallas alongside those two cities as an international fashion mecca. Her uncompromising standards for production and well-informed style established ready-to-wear as an accepted way to dress, her fastidious attention to detail created an expectation for customer service still appreciated by Neiman Marcus customers today, and her leadership as a businesswoman in the early twentieth century stands as a feminist example. Followers of fashion and appreciators of culture owe a debt of gratitude to this remarkable woman, whose story is beautifully told and illustrated here!"--Annette Becker, Director, Texas Fashion Collection, University of North Texas "Lovely writing! Bountiful visuals! A fascinating read!"--Jeffrey Banks, fashion designer and author "In A Girl Named Carrie Jerrie Marcus Smith has captured not only a powerful personality but also a pivotal moment in a city, a family and, above all, in American retailing. Carrie Neiman invented the specialty store, along with her husband, Al, and brother, Herbert Marcus. They called it Neiman Marcus, and it was born to be elegant but different from other emporiums, more daring, more imaginative, more attuned to fashion as a harbinger of the future as well as a talisman for its own time. All three, still in their 20s, were central to the enterprise, but without the taste, talent and foresight of Carrie Neiman, ?rst and always chief buyer, the guys, good as they were at ?nance and promotion, would have had nothing to sell. Justi?ably, the stores--eventually plural--have been known by her name, Neiman's. This is a fascinating tale told with clarity, honesty, style and ?nesse by a great-niece who grew up in the glory days of Neiman Marcus. Also, the photographs are dazzling."--Lee Cullum, Journalist and Senior Fellow, John G. Tower Center for Public Policy and International Affairs, SMU "What a lovely and lively tribute to one of high fashions secret weapons, Ms. Carrie Neiman! A rare one-of-a-kind visionary, Ms. Neiman reshaped fashion retailing with ideas and pleasures that are still in?uential today. After years in the shadows it makes me very happy that she is being celebrated for the ingenuity and grace she brought to Neiman Marcus and all of us that visited it."--Todd Oldham, Designer and Honorary Doctorate of Fine Arts by RISD

**The Amistad Rebellion** Simon and Schuster  
An acclaimed true-crime author takes on his toughest project of all-- writing about a murderer who happens to be his son. When a hideous murder makes the headlines, a barrage of questions usually appears in its wake: Why did this happen? Could it have been prevented? What kind of family was the criminal from? Are his parents in some way to blame? Any crime writer worth his salt would attempt to answer these questions-- but how do you address such questions when the killer is your own son? As a single father raising two sons, Carlton Stowers did his best to instill in his boys a healthy sense of right and wrong. But with Anson, his oldest, it would prove to be an ongoing uphill battle. At a young age, Anson began to angrily shun authority, and soon became involved with a number of illicit activities, including drugs, forgery, and theft. After each jail stay, Anson would vow to get clean and start anew. It became a revolving door for both father and son, until Anson, twenty-five years old and strung-out on amphetamines, brutally murdered his young ex-wife. In a brave, honest, and moving work, bestselling true-crime writer Carlton Stowers examines the downfall of his eldest son, once a

happy child full of promise, now a convicted murderer serving a sixty-year sentence. With a reporter's shrewdness and a father's heart, Stowers presents a true story of two lives irrevocably lost, and of one man struggling to both understand-- and move beyond-- the...Sins of the Son.

This remarkable autobiography is a journey from terror, violence, and despair into freedom, peace, and joy. Catching Ricebirds: A Story of Letting Vengeance Go is Marcus Doe's true story as a Liberian refugee who lost his family and fled his country, and ultimately learns to forgive and find peace again. In this gripping autobiography, a refugee recounts his journey from fear, violence, and despair into freedom, peace, and forgiveness. Marcus Doe was born in Liberia, West Africa, in 1979. Affectionately nicknamed "Jungle Boy" by his family, he reveled in his childhood life and was hardly aware of the dangerous political climate swirling around him. But by mid-July 1990, a violent civil war erupted and Liberia was thrown into a time of fear, starvation, and death. Separated from his family, Marcus embarked on a remarkable journey to escape the war-ravaged country he loves and wounds that he carried in his memory. But God's light reached him in this darkness. Where he had been filled with hatred, Marcus slowly learned to forgive. Now his mission is to bring the hope and the peace of Christ to others. Marcus's life unfolds in four movements: first as a young boy living in Monrovia, the capital of Liberia, during a perod of growing unrest; second as a refugee fleeing from rebel forces that would kill him and his family wihout a second thought; third as a wanderer in foreign countries -- Ghana, the United States -- unable to return to his childhool home; and finally as an adult, coming to grips with the loss he experienced and longing to see his own healing extended to others still haunted by Liberia's suffering. Fans of the New York Times bestseller Unbroken about Louis Zamperini will love this story as well, as it has similar themes of one man's struggle to find redemption in the face of incredible hardship.

Marcus Aurelius Have you ever heard of Marcus Aurelius? It wouldn't come as much of a surprise if you haven't. While names like Nero, Caligula, Hadrian, and Constantine grab all the attention with their exploits, Marcus Aurelius tends to sit more in the historical background of the Roman Empire. In many ways, he is a lesser known emperor even though his written works have stood the test of time. Marcus, a prolific writer and formidable scholar, was perhaps the first to fulfill Plato's dream of the philosopher king. Inside you will read about... - Rise to Prominence - Marriage of Convenience - Losing His Twin Boys - The Defeat of Parthia - The Danger from Within And much more! Marcus Aurelius reigned over the Roman Empire for almost two decades—from 161 CE until 180 CE—and during that span, he took the time to look back at his own life in the legendary Meditations. Penned in his own words in a mainly diary-styled format, this book was never meant for publication but was discovered several years after the emperor's death. It was this book that ignited an interest in this otherwise unsung emperor, and that interest lasts to this very day.

Marcus Garvey,, a Jamaican-born black nationalist and originator of the "Back to Africa" movement during the 1900s, was a passionate and formidable orator and founder of the Universal Negro Improvement Association. Garvey went on to become an inspiration for many future civil rights activists. Marcus Garvey: A Biography, by Stephen Johnson provides an in-depth look into the incredible life of this truly remarkable man, his vision for pan-Africanism, and his unrelenting fight for the right of self-determination and self-reliance for the African people. Johnson's meticulously researched biography paints the complete picture of a controversial figure who stood in the spotlight during the early years of the battle for racial equality. Marcus Garvey went on to become an early pioneer in this struggle; admired by his supporters, respected by his adversaries, and feared by the government. Jamaica honored Marcus Garvey by declaring him its first national hero. Johnson's work demonstrates how Garvey's message of black pride showed in every aspect of his life and continued even after his death. It brilliantly captures the true essence of a man Martin Luther King, Jr. called, "the first man, on a mass scale and level, to give millions of Negroes a sense of dignity and destiny, and make the Negro feel that he was somebody." Stephen Johnson's work, Marcus Garvey: A Biography is an essential and fascinating read for anyone interested in African-American history or the history of the civil rights movement. It is a reference book you will need to have in your library.

**The Miraculous Rise of Steph Curry** Harvard University Press

The legendary critic and author of Mystery Train “ingeniously retells the tale of rock and roll” (Publishers Weekly, starred review). Unlike previous versions of rock ‘n’ roll history, this book omits almost every iconic performer and ignores the storied events and turning points everyone knows. Instead, in a daring stroke, Greil Marcus selects ten songs and dramatizes how each embodies rock ‘n’ roll as a thing in itself, in the story it tells, in habits, and acts out—a new language, something new under the sun. “Transmission” by Joy Division. “All I Could Do Was Cry” by Etta James and then Beyoncé. “To Know Him Is to Love Him,” first by the Teddy Bears and almost half a century later by Amy Winehouse. In Marcus’s hands these and other songs tell the story of the music, which is, at bottom, the story of the desire for freedom in all its unruly and liberating glory. Slipping the constraints of chronology, Marcus braids together past and present, holding up to the light the ways that these striking songs fall through time and circumstance, gaining momentum and meaning, astonishing us by upending our presumptions and prejudices. This book, by a founder of contemporary rock criticism—and its most gifted and incisive practitioner—is destined to become an enduring classic. “One of the epic figures in rock writing.”—The New York Times Book Review “Marcus is our greatest cultural critic, not only because of what he says but also, as with rock-and-roll itself, how he says it.”—The Washington Post Winner of the Deems Taylor Virgil Thomson Award in Music Criticism, given by the American Society of Composers, Authors & Publishers
