The first edition of this book quickly established itself as one of the clearest and most readable introductions to generative grammar. Together with a complete introduction to the principles of Universal Grammar, it traced the major shifts of perspective that have influenced the developments of the theory over the last forty

years. This revised and expanded new edition introduces students with no previous training to Transformational Grammar. Covering the framework known as Principles and Parameters as well as the more recent framework known as Minimalism, it includes a range of new exercises, making it ideal for students at all levels.

Laveder the Purple Cat girl is the owner of a small magic potion shop with problems...many problems. Aside from her store being overrun by poisonous, pygmy elephants, the occasional alien abduction and the devil, a giant magic store chain has decided to move in next door and crush her hopes of ever making a sale. Not to mention that her only employee and faster than the speed of light bunny, Saiko, has the attention span of a chickpea and a disturbing affection for Lavender's enchanted car. Now Lavender must think fast before an over-zealous ex-superhero health inspector shuts her down for good. Will Lavender meet the inspector's demands on time? Where are the poisonous vermin coming from? Will Saiko's love for cars go too far? This publisher is a new client to Diamond Book Distributors!

For a limited time at a special price, enjoy beloved mystery writer Tamar Myers' novel *The Witch Doctor's Wife*—an enthralling tale of duty, greed, danger, and miracles in equatorial Africa. As a bonus, you get an excerpt from *The Headhunter's Daughter* and *The Boy Who Stole the Leopard's Spots*, on sale May 8, 2012. The Congo beckons to young Amanda Brown in 1958, as she follows her missionary calling to the mysterious "dark continent" far from her South

Carolina home. But her enthusiasm cannot cushion her from the shock of a very foreign culture—where competing missionaries are as plentiful as flies, and oppressive European overlords are busy stripping the land of its most valuable resource: diamonds. Little by little, Amanda is drawn into the lives of the villagers in tiny Belle Vue—and she is touched by the plight of the local witch doctor, a man known as Their Death, who has been forced to take a second job as a yardman to support his two wives. But when *First Wife* stumbles upon an impossibly enormous uncut gem, events are set in motion that threaten to devastate the lives of these people Amanda has come to admire and love—events that could lead to nothing less than murder.

- The superbly researched, spellbindingly told story of athlete, showman, philosopher, and boundary breaker Leroy "Satchel" Paige " Among the rare biographies of an athlete that transcend sports . . . gives us the man as well as the myth. " —The Boston Globe Few reliable records or news reports survive about players in the Negro Leagues. Through dogged detective work, award-winning author and journalist Larry Tye has tracked down the truth about this majestic and enigmatic pitcher, interviewing more than two hundred Negro Leaguers and Major Leaguers, talking to family and friends who had never told their stories before, and retracing Paige ' s steps across the continent. Here is the stirring account of the child born to an Alabama washerwoman with twelve young mouths to feed, the boy who earned the nickname " Satchel " from his enterprising work as a railroad

porter, the young man who took up baseball on the streets and in reform school, inventing his trademark hesitation pitch while throwing bricks at rival gang members. Tye shows Paige barnstorming across America and growing into the superstar hurler of the Negro Leagues, a marvel who set records so eye-popping they seemed like misprints, spent as much money as he made, and left tickets for “Mrs. Paige” that were picked up by a different woman at each game. In unprecedented detail, Tye reveals how Paige, hurt and angry when Jackie Robinson beat him to the Majors, emerged at the age of forty-two to help propel the Cleveland Indians to the World Series. He threw his last pitch from a big-league mound at an improbable fifty-nine. (“Age is a case of mind over matter,” he said. “If you don’t mind, it don’t matter.”) More than a fascinating account of a baseball odyssey, Satchel rewrites our history of the integration of the sport, with Satchel Paige in a starring role. This is a powerful portrait of an American hero who employed a shuffling stereotype to disarm critics and racists, floated comical legends about himself – including about his own age – to deflect inquiry and remain elusive, and in the process methodically built his own myth. “Don’t look back,” he famously said. “Something might be gaining on you.” Separating the truth from the legend, Satchel is a remarkable

accomplishment, as large as this larger-than-life man.

I took a three-year break from work to explore the topic of peace, love, and success. I spent the time analyzing my thoughts and the effects my thoughts had on my emotional state of mind. The things I found out were quite intriguing. I came to the realization that many of us are not living to our full potential. We live with a measured joy. We keep our happiness in check. Our smiles are met with a restriction from our breath, which makes it short-lived. We seldom breathe fully because our breath is interrupted by the depth of our thoughts. We never really let go fully. We are bound by layers of chains that have entangled our thinking chains from an uncertain future, chains of work, chains of relationships, chains of our finances, too many chains to mention. My time away from work gave me the opportunity to explore how to break the chains. I admit that even a broken chain is not permanently broken but can be easily

reunited if old habits are not changed. My book focuses on the actions we can take to break chains and keep them broken. My book explores how our thoughts control our destiny. It teaches thought control and the importance of silence. It teaches how to overcome fear, anger, negative thoughts, stress, and hatred. You will learn how to nurture your emotions, embrace moments, and the importance of spiritual peace. I will teach you how to live in thankfulness, with compassion, while activating love.

The first book in the award-winning Summer King Chronicles. A great read for fans of Wings of Fire, Warrior Cats, and the Lion King. As the last of his kind in a gryphon pride ruled by the conquering Red Kings, Shard has always known his destiny is merely to survive. He must strive to keep up with larger, stronger, crueller gryphons in order to earn his place as a warrior, or face exile. While on the dangerous initiation hunt that will either make or ruin him, Shard desperately takes the unexpected advice of a strange she-wolf who seeks him out, and hints that

Shard ' s past is not all that it seems. Drawn to learn more, Shard risks the future he wants by making allies of creatures most gryfons call enemies, and learning ancient skills forbidden by the conquering kings. Secrets of his family, the Conquering, and perhaps even his own destiny begin to reveal themselves. When the gryfon king declares open war on the wolves Shard has befriended, it throws his past and uncertain future into the turmoil between. Now with battle lines drawn, Shard must decide whether to fight beside his own king . . . or against him.
