In this breathtaking debut novel by Felix Gilman, one man embarks on a thrilling and treacherous quest for his people's lost god-in an elaborate Dickensian city that is either blessed ...or haunted. Arjun arrives in Ararat just as a magnificent winged creature swoops and sails over the city. For it is the day of the return of that long-awaited, unpredictable mystical creature: the great Bird. But does it come for good or ill? And in the service of what god? Whatever its purpose, for one inhabitant the Bird sparks a long-dormant idea: to map the mapless city and liberate its masses with the power of knowledge. As the creature soars across the land, shifting topography, changing the course of the river, and redrawing the territories of the city's avian life, crowds cheer and guns salute in a mix of science and worship. Then comes the time for the Bird's power to be trapped-within the hull of a floating warship called Thunderer, an astounding and unprecedented weapon. The ship is now a living temple to the Bird, a gift to be used, allegedly, in the interests of all of Ararat. Hurtled into this convulsing world is Arjun, an innocent who will unwittingly unleash a dark power beyond his imagining-and become entangled in a dangerous underground movement that will forever transform Ararat. As havoc overtakes the streets, Arjun dares to test the city's moving boundaries. In this city of gods, he has come to search among

them, not to hide. A tour de force of the imagination, and a brilliant tale of rebellion, Thunderer heralds the arrival of a truly gifted fantasy writer who has created a tale as rich, wondrous, and captivating as the world in which it is set.

What is the Kama Sutra? Is it a spiritual text written by a visionary man of wisdom in India almost two millennia ago? Or is it the world's first mucky book? Well, it's the former - it's a spiritual text written by a visionary man of wisdom in India almost two millennia ago. Though shocking for its time, the Kama Sutra has gone on to become the world's most respected guide book on all matters sexual, and is now on top of the wardrobes or under the beds of over sixty percent of the world's teenage boys. It is a common and misconceived belief among the younger generations that sex is something not only void in the minds of our senior citizens, but is most likely physically impossible for those who are at or beyond retirement age. The glorious truth may come as a bit of a shock to the youth of today - it may even conjure up images in their minds best left 'till after lunch! The world's oldies are sexually active. New and exciting research has uncovered startling new evidence that oldies are still 'at it', and still 'do it' whenever they don't have a bad back. Can it be true? Are our most senior citizens getting their

wrinkly legs over? If you are an older person, take heart - there's a lot of dusty action out there. Sex in the twilight years, though similar in mechanics to the couplings of youth, is in fact vastly different. This book exposes the secret world of grey love and covers every aspect of senior congress - from geriatric anatomy and attraction, through to mating rituals, sex positions, post-sex heart condition medication and proper service and care of pace makers.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt *Comedy Writing Secrets* Instructional Fair Over two hundred and thirty years ago the Fallocaust happened, killing almost everything that lived and creating what is now known as the greywastes. A dead wasteland where cannibalism is a necessity, death your

reality, and life before the radiation nothing but pictures in dog-eared magazines. Reaver is a greywaster, living in a small block controlled by a distant ruler said to have started the Fallocaust. He is a product of the savage world he was raised in and prides himself on being cold and cruel. Then someone new to his town catches his eye, someone different than everyone else. Without knowing why he starts to silently stalk him, unaware of where it will lead him.
