In American popular culture, Marilyn Monroe (1926-1962) has evolved in stature from movie superstar to American icon. Monroe's own understanding of her place in the American imagination and her effort to perfect her talent as an actress are explored with great sensitivity in Carl Rollyson's engaging narrative. He shows how movies became crucial events in the shaping of

Monroe's identity. He regards her enduring gifts as a creative artist, discussing how her smaller roles in *The Asphalt Jungle* and *All About Eve* established the context for her career, while in-depth chapters on her more important roles in *Bus Stop*, *Some Like It Hot*, and *The Misfits* provide the centerpiece of his examination of her life and career. In a powerful novel in verse, an award-winning author offers an eye-opening look at the life of Marilyn Monroe. From the day she was born into a troubled home to her reigning days as a Hollywood icon, Marilyn Monroe (née Norma Jeane Mortenson) lived a life that was often defined by others. Here, in a luminous poetic narrative,

acclaimed author Carole Boston Weatherford tells Marilyn's story in a way that restores her voice to its rightful place: center stage.

Revisiting Marilyn's often traumatic early life--foster homes, loneliness, sexual abuse, teen marriage--through a hard-won, meteoric rise to stardom that brought with it exploitation, pill dependency, and depression, the lyrical narrative continues through Marilyn's famous performance at JFK's birthday party, three months before her death. In a story at once riveting, moving, and unflinching, Carole Boston Weatherford tells a tale of extraordinary pain and moments

---

of unexpected grace, gumption, and perseverance, as well as the inexorable power of pursuing one's dreams. A beautifully designed volume.

Marilyn Monroe Running Press Adult

A brilliant investigation into the debates surrounding Marilyn Monroe's life and the cultural attitudes that her legend reveals There are many Marylins: sex goddess and innocent child, crafty manipulator and dumb blonde, liberated woman and tragic loner. Indeed, the writing and rewriting of this endlessly intriguing icon's life

---

has produced more than six hundred books, from the long procession of "authoritative" biographies to the memoirs and plays by ex-husband Arthur Miller and the works by Norman Mailer and Joyce Carol Oates. But even as the books have multiplied, myth, reality, fact, fiction, and gossip have become only more intertwined; there is still no agreement about such fundamental questions as Marilyn's given name, the identity of her father, whether she was molested as a child, and how and why she died.

The Many Lives of Marilyn Monroe reviews the unreliable and unverifiable-but highly significant-stories that have framed the greatest Hollywood legend. All the while, cultural critic Sarah Churchwell reveals us to ourselves: our conflicted views on women, our tormented sexual attitudes, our ambivalence about success, our fascination with self-destruction. In incisive and passionate prose, Churchwell uncovers the shame, belittlement, and anxiety that we bring to the story of a

woman we supposedly adore. In the process, she rescues a Marilyn Monroe who is far more complicated and credible than the one we think we know.

The Many Lives of Marilyn Monroe Metro Books  
Marilyn Monroe's image is so universal that we can't help but believe that we know all there is to know of her. Every word and gesture made headlines and garnered controversy. Her serious gifts as an actor were sometimes eclipsed by her notoriety -- and the way the camera fell helplessly in love with her. But what of the

---

other Marilyn? Beyond the headlines -- and the too-familiar stories of heartbreak and desolation -- was a woman far more curious, searching and hopeful than the one the world got to know. Even as Hollywood studios tried to mold and suppress her, Marilyn never lost her insight, her passion, and her humour. To confront the mounting difficulties of her life, she wrote. Now, for the first time, we can meet this private Marilyn and get to know her in a way we never have before. *Fragments* is an unprecedented collection of written artifacts -- notes to herself, letters, even

poems -- in Marilyn ' s own handwriting, never before published, along with rarely seen intimate photos. These bits of text -- jotted in notebooks, typed on paper or written on hotel letterhead -- reveal a woman who loved deeply and strove to perfect her craft. They show a Marilyn Monroe unsparing in her analysis of her own life, but also playful, funny and impossibly charming. The easy grace and deceptive lightness that made her performances so memorable emerge on the page, as does the simmering tragedy that made her last appearances so heartbreaking. *Fragments* is an

event -- an unforgettable book that will redefine one of the greatest stars of the twentieth century and which, nearly fifty years after her death, will definitely reveal Marilyn Monroe ' s humanity. *The Little Book of Marilyn* Candlewick Press (MA) Written at the height of her fame but not published until over a decade after her death, this autobiography of actress and sex symbol Marilyn Monroe (1926-1962) poignantly recounts her childhood as an unwanted orphan, her early adolescence, her rise in the film industry from bit player to

---

celebrity, and her marriage to Joe DiMaggio. In this intimate account of a very public life, she tells of her first (non-consensual) sexual experience, her romance with the Yankee Clipper, and her prescient vision of herself as "the kind of girl they found dead in the hall bedroom with an empty bottle of sleeping pills in her hand." The Marilyn in these pages is a revelation: a gifted, intelligent, vulnerable woman who was far more complex than the unwitting sex siren she portrayed on screen. Lavishly illustrated with photos of Marilyn, this special book celebrates the life and career of

an American icon—from the unique perspective of the icon herself.

Marilyn Harper Collins

In this ambitious book, Joyce Carol Oates boldly reimagines the inner, poetic, and spiritual life of Norma Jeane Baker—the child, the woman, the fated celebrity and idolized blonde the world came to know as Marilyn Monroe. In a voice startling, intimate, and rich, Norma Jeane tells her own story, that of an emblematic American artist—intensely conflicted and driven—who has lost her

way. A powerful portrait of Hollywood's myth and an extraordinary woman's heartbreaking reality, *Blonde* is a sweeping epic that pays tribute to the elusive magic and devastation behind the creation of the great twentieth-century American star.

A Novel Marilyn: Her Life in Her Own Words  
Marilyn Monroe's Revealing Last Words and Photographs

An intimate memoir recalling a young photographer's relationship with Marilyn Monroe just months before her death, with extraordinary photographs, some of which have never been published.

"With the precision of a surgeon, Schiller slices through the façade of Marilyn Monroe in his unflinching memoir.

Revealing and readable, it's a book I couldn't put down."

—Tina Brown When he pulled his station wagon into the 20th Century-Fox studios parking lot in Los Angeles in 1960, twenty-three-year-old Lawrence Schiller kept telling himself that this was just another assignment, just another pretty girl. But the assignment and the girl were anything but ordinary. Schiller was a photographer for *Look* magazine and his subject was Marilyn Monroe, America's sweetheart and sex symbol. In this intimate memoir, Schiller recalls the friendship that developed between him and Monroe while he photographed her in Hollywood in 1960 and

1962 on the sets of *Let's Make Love* and the unfinished feature *Something's Got to Give*, the last film she worked on. Schiller recalls Marilyn as tough and determined, enormously insecure as an actress but totally self-assured as a photographer's model. Monroe knew how to use her looks and sexuality to generate publicity, and in 1962 she allowed Schiller to publish the first nude photographs of her in over ten years, which she then used as a weapon against a studio that wanted to have her fired—and ultimately succeeded. The Marilyn Schiller knew and

---

writes about was adept at hiding deep psychological scars, but she was also warm and open, candid and disarming, a movie star who wished to be taken more seriously than she was. Accompanying the text are eighteen of the author's own photographs, some never previously published. Many writers have tried to capture her essence on the page, but as someone who was in the room, a young man Marilyn could connect with and trust, Schiller gives us a unique look at the real woman offscreen. "In this short, splendid memoir, Lawrence Schiller offers us another cut on

the scintillating diamond that is Marilyn Monroe. In clear honest straightforward prose, Schiller allows us to dwell in the heart of another time. He captures Marilyn, both in photographs and words, and in so doing he gives us intimate access into one of the great stories of the 20th century: the complicated cocktail of joy and sadness that goes along with both beauty and fame." —Colum McCann *A Life in Pictures* Crown A lifestyle guide and tribute to the style, glamour, and showmanship of Hollywood's most iconic star, with Marilyn-inspired lessons and inspiration

Monroe Chronicle Books

Was there ever anyone else like Marilyn? It's nearly 50 years since her untimely death and no one has been able to step into her shoes. While her career, indeed her life, was marked by personal problems and a reputation for being unreliable and difficult to work with, she is still responsible for such enduring favorite films as *Some Like it Hot*, *Gentlemen Prefer Blondes*, and *The Seven Year Itch*. In 1999, Monroe was ranked as the sixth greatest American female star of all time

by the American Film Institute above such stars as Lauren Bacall, Joan Crawford, and Ginger Rogers. On August 5, 1962, she was found dead of an overdose of barbiturates that may have been an accident or suicide—although conspiracy theories also include murder by such wide-ranging miscreants as the CIA, the Mafia, or the Kennedys. *Marilyn Her Life in Pictures* opens with a concise biographical introduction and then provides a chronological visual story of her life, decade by decade from her early years, through the hard times as she built her reputation as an actor,

to her greatest successes—*Some Like It Hot*, *The Seven-Year Itch*, *Bus Stop*, and others. The camera loved Marilyn, and photographers were always on hand to take her picture.

*Marilyn: Her life in Pictures* chooses from the huge number of images available to produce a fascinating coverage of her eventful but brief life, from photos of her early life, through her first photo shoots with David Conover, and Joseph Jagur, to the iconic images of the films of the 1950s and 1960s.
