Based on new interviews and research, this ground-breaking biography explores the secret selves behind Marilyn Monroe ' s public facades. Marilyn Monroe. Her beauty still captivates. Her love life still fascinates. Her story still dominates popular culture. Now, drawing on years of research and dozens of new interviews, this biography cuts through decades of lies and secrets and introduces you to the Marilyn Monroe you always wanted to know: a living, breathing, complex woman, bewitching and maddening, brilliant yet flawed. Charles Casillo studies Monroe ' s life through the context of her times—in the days before feminism. Before there was adequate treatment for Marilyn ' s struggle with bipolar disorder. Starting with her abusive childhood, this biography exposes how—in spite of her fractured psyche—Marilyn ' s extreme ambition inspired her to transform each celebrated love affair and each tragedy into another step in her journey towards immortality. Casillo fully explores the last two years of her life, including her involvement with both John F.

Kennedy and his brother Robert, and the mystery of her last day. Just a few of Casillo's revelations: \*Despite reports of their bitter rivalry, Elizabeth Taylor secretly reached out and tried to help Marilyn during one of her darkest moments. \*The existence of Marilyn ' s semi-nude love scene with Clark Gable—long thought to be lost. \*A few nights before she died, Marilyn encountered Warren Beatty at a party and disclosed some of the reasons for her final despair. \*A meticulously detailed account of the events of her last day, revealing how a series of miscommunications and misjudgments contributed to her death. Katharine Hepburn Simon and Schuster Published for the fiftieth anniversary of her tragic death, this definitive account dispels the rumors and sets the record straight on her last two years Marilyn Monroe passed away at the age of thirty-six under circumstances that have remained mysterious to this day. Marilyn Monroe: The Final Years separates the myths and rumors from the facts as Keith Badman takes readers through the concluding months of 1960 to that fateful day in August 1962. In this extraordinary book—the product of five years of exhaustive research—the author is both biographer and detective: Badman uncovers long-lost or previously unseen personal records, exclusive interviews, and eyewitness

accounts that illuminate the final chapter of Marilyn's life as she navigates weight gain, drug use, an dpersonal turmoil, along with drama on the set of the ill-fated movie *Something's Got to Give*. Badman dispels popular beliefs, such as her supposed affairs with John and Bobby Kennedy. (Monroe only had a one-night stand with the president at Bing Crosby's house, and never with Bobby.) Readers learn the long-concealed identity of her biological father, who refused Marilyn's attempt to contact him in 1951—and was then repaid with her apathy ten years later when he attempted to contact her. The author also reveals the details of her famous "last Sitting" with photographer Bert Stern (which was not her last photo shoot) and describes the horror she endured after being tricked into being institutionalized at the Payne-Whitney Psychiatric Clinic, from which ex-husband Joe DiMaggio had to pull strings to secure her release. Perhaps most shockingly, we learn of the regrettable incident in which a drunken Monroe was sexually exploited by mobsters at a Lake Tahoe hotel co-owned by Frank Sinatra. Finally contrary to the salacious rumors that Marilyn was suicidal or the victim of a murder and cover-up, Badman discloses new information about her final days alive and reveals, in unequivocal detail, evidence that indicates Monroe's death was accidental. Above it all, Badman pays homage to Monroe by rescuing her final months from the realm of wild and sensationalized allegations popularized by those who sought to gain from them. *Marilyn Monroe: The Final Years* sheds new light on an immortal movie legend.

Fragments is an event—an unforgettable book that will redefine one of the greatest icons of the twentieth century and that, nearly fifty years after her death, will definitively reveal Marilyn Monroe's humanity. Marilyn's image is so universal that we can't help but believe we know all there is to know of her. Every word and gesture made headlines and garnered controversy. Her serious gifts as an actor were sometimes eclipsed by her notoriety—and by the way the camera fell helplessly in love with her. Beyond the headlines—and the too-familiar stories of heartbreak and desolation—was a woman far more curious, searching, witty, and hopeful than the one the world got to know. Now, for the first time, readers can meet the private Marilyn and understand her in a way we never have before.

Fragments is an unprecedented collection of written artifacts—notes to herself, letters, even poems—in Marilyn's own handwriting, never before published, along with rarely seen intimate photos. Jotted in notebooks, typed on paper, or written on hotel letterhead, these texts reveal a woman who loved deeply and strove to perfect her craft. They show a Marilyn Monroe unsparing in her analysis of her own life, but also playful, funny, and impossibly charming. The easy grace and deceptive lightness that made her performances indelible emerge on the page, as does the simmering tragedy that made her last appearances so affecting.

**LIFE Remembering Marilyn** Macmillan It is one of the greatest mysteries of the twentieth century. How did Marilyn Monroe die? Although no pills were found in her stomach during the autopsy, it was still documented in the Los Angeles coroner's report that she had swallowed sixty-four sleeping pills prior to her demise. In *Marilyn Monroe: A Case for Murder*, biographer Jay Margolis presents the most thorough investigation of Marilyn Monroe's death to date and shares how he reached the definitive conclusion that she was murdered. Margolis meticulously dissects the events leading up to her death, revealing a major conspiracy and countless lies. In an exclusive interview with actress Jane Russell three months before her death, he reveals Russell's belief that Monroe was murdered and points the finger at the man she held responsible. While examining the actions of Peter Lawford, Bobby Kennedy, and Monroe's psychiatrist, Dr. Ralph Greenson, Margolis establishes a timeline of her last day alive that leads to shocking revelations. In August 1962, Marilyn Monroe's lifeless body was found on her bed, leaving all to wonder what really happened to the beautiful young starlet.

*Marilyn Monroe: A Case for Murder* provides a fascinating examination of one of the most puzzling deaths of all time. *The Gentle Tamers* Simon and Schuster A New York Times Best Seller! Since Marilyn Monroe died among suspicious circumstances on the night of August 4, 1962, there have been queries and theories, allegations and investigations, but no definitive evidence about precisely what happened and who was involved . . . until now. In *The Murder of Marilyn Monroe: Case Closed*, renowned MM expert Jay Margolis and New York Times bestselling author Richard Buskin finally lay to rest more than fifty years of wild speculation and misguided assertions by actually naming, for the first time, the screen goddess's killer while utilizing the testimony of eye-witnesses to exactly what took place inside her house on Fifth Helena Drive in Los Angeles' Brentwood neighborhood. Implicating Bobby Kennedy in the commission of Marilyn's murder, this is the first book to name the LAPD officers who accompanied the US Attorney General to her home, provide details about how the Kennedys used bribes to silence one of the ambulance drivers, and specify how the subsequent cover-up was aided by a noted pathologist's outrageous lies. This blockbuster volume blows the lid off the world's most notorious and talked-about celebrity death, and in the process exposes not only the truth about an iconic star's tragic final hours, but also how a legendary American politician used powerful resources to protect what many still perceive as his untarnished reputation. Today bestseller! The untold story of how one woman's life was changed forever in a matter of seconds by a horrific trauma.

Barbara Leaming's extraordinary and deeply sensitive biography is the first book to document Jacqueline Kennedy Onassis' brutal, lonely and valiant thirty-one year struggle with post-traumatic stress disorder (PTSD) that followed JFK's assassination.

Here is the woman as she has never been seen before. In heartrending detail, we witness a struggle that unfolded at times before our own eyes, but which we failed to understand. Leaming's biography also makes clear the pattern of Jackie's life as a whole. We see how a spirited young woman's rejection of a predictable life led her to John F. Kennedy and the White House, how she sought to reconcile the conflicts of her marriage and the role she was to play, and how the trauma of her husband's murder which left her soaked in his blood and brains led her to seek a very different kind of life from the one she'd previously sought. A life story that has been scrutinized countless times, seen here for the first time as the serious and important story that it is. A story for our times at a

moment when we as a nation need more than ever to understand the impact of trauma.

bestselling author J. Randy Taraborrelli comes the definitive biography of the most enduring icon in popular American culture. When Marilyn Monroe became famous in the 1950s, the world was told that her mother was either dead or simply not a part of her life. However, that was not true. In fact, her mentally ill mother was very much present in Marilyn's world and the complex family dynamic that unfolded behind the scenes is a story that has never before been told...until now. In this groundbreaking book, Taraborrelli draws complex and sympathetic portraits of the women so influential in the actress' life, including her mother, her foster mother, and her legal guardian. He also reveals, for the first time, the shocking scope of Marilyn's own mental illness, the identity of Marilyn's father and the half-brother she never knew, and new information about her relationship with the Kennedy's-Bobby, Jack, and Pat Kennedy Lawford. Explosive, revelatory, and surprisingly moving, this is the final word on the life of one of the most fascinating and elusive icons of the 20th Century.

The updated bestselling biography—based on over six hundred interviews—and the inspiration for the Netflix documentary, *The Mystery of Marilyn Monroe*. Marilyn Monroe, born in obscurity and deprivation, became an actress and legend of the twentieth century, romantically linked to famous men from Joe DiMaggio to Arthur Miller to John F. Kennedy. But her tragic death at a young age, under suspicious circumstances, left behind a mystery that remains unsolved to this day. Anthony Summers interviewed more than six hundred people, laying bare the truths—sometimes funny, often sad—about this brilliant, troubled woman. The first to gain access to the files of Monroe's last psychiatrist, Summers uses the documents to explain her tangled psyche and her dangerous addiction to medications. He establishes, after years of mere rumor, that President Kennedy and his brother Robert

were both intimately involved with Monroe in life—and in covering up the circumstances of her death. Written and updated by a Pulitzer Prize nominee who has authored works on JFK, J. Edgar Hoover, and the 9/11 attacks, this investigation of an iconic star's brief life and early death is “remarkable. . . . The ghost of Marilyn Monroe cries out in these pages” (*The New York Times*). Netflix's *The Mystery of Marilyn Monroe* will cement this work as the definitive biography of the unforgettable woman.
