Training for Engineroom Sailors Navy
MARINE DIESEL BASICS. This 12-hour class is designed to benefit both recreational boaters and professional mariners who operate vessels equipped with diesel engines. The course covers all types of diesel engines and is not brand specific. While no previous experience is necessary, we have had experienced gasoline engine and automotive mechanics take this class to learn the

unique characteristics of marine diesel engines.

Marine Service Technician training program at MTTI

Training is also going to get you where you want to go. Step 2

Obtain Experience. Most employers want a marine mechanic with 1-2 year's experience, so you're going to have to work hard at training.

It's possible to obtain training with pay, where you can learn as much as you can in the field before you start making the big bucks.

Schools Offering Marine Mechanics Programs in New York

School New York might be not the best place to obtain your marine mechanics diploma. The only school which offers such opportunity in New York is CUNY Kingsborough Community College. That college offers a fair marine mechanics program evaluated with two-star

rating for curriculum and three stars for teaching.
