Marine Diesel Engines Manual

The Italian company Nanni diesel was created in 1952 in Milan for the production of marine

engines based on land diesel engines.

Initially, the company adapted only Farymann models for the water area, but later, increasing its production capacity and engineering staff, Nanni diesel significantly expanded the range of its partners.

Yet, a diesel is a very simple machine and understanding the workings of a diesel engine is made equally simple and understandable with Jean-luc Pallas's manual. MDE begins with an overview of how a diesel runs and the systems involved in keeping it running; fuel, air, and electric. The Manual is richly illustrated with large clear photos and simple understandable schematics. Marine Diesel Engines: Maintenance and Repair Manual ...
