Boat Engine Controls, Marine Engine Controls

There are two types of control boxes, single action or dual action. Single action is typically found on certain dual lever remote engine controls such as the B49 side dual lever control box from Uflex USA or the CH5200P from SeaStar Solutions. The single action means only that one lever serves one function.

Marine Engine Controls - Marine Controls, Engine Controls

There are several kinds of boat throttle controls, and Wholesale Marine carries them: single- and dual-function controls, throttle controls for boats that require multiple installations. Remember, the right boat throttle control will deliver maximum performance. We feature console, flush-mount, panel, binnacle, and top-mount installations.

Morse Control | Used Boats & Marine Parts

The Model 'SR TWIN' Control can be used to control both the throttle and clutch operation of a single engine installation. Dual station control to provide operation from both the cabin and the bridge can be obtained by using Model 'SR TWIN' Controls connected either in tandem or in parallel.

Uflex USA
