Institute provides Risk Management services to assist agriculture retailers with state and federal regulatory compliance issues. Our work bridges the gap between agricultural retailers and the government agencies responsible for the preservation of life, property and the environment.

Justus Freiherr von Liebig (12 May 1803 – 18 April 1873) was a German scientist who made major contributions to agricultural and biological chemistry, and is considered one of the principal founders of organic chemistry. As a professor at the University of Giessen, he devised the

modern laboratory-oriented teaching method, and for such innovations, he is regarded as one of the greatest ...
