Robert Reed's Marrow is high-concept, epoch-spanning SF in the tradition of Olaf Stapledon's Last and First Men, Camille Flammarion's Omega, and Greg Egan's Diaspora. Unlike Last and First Men and Omega, Marrow features a continuing cast of well-drawn, believable characters in addition to the brain-busting big ideas and sense of wonder. --Cynthia Ward

Marrow 1 Robert Reed - apocalypseourien.be

Robert Reed is one of the most genuinely visionary science fiction authors working in the field today. In his latest effort, Marrow, Reed returns with a vivid setting to tell the innovative, complex, and engaging tale of a violently primitive world alive within the center of a wondrous starship. With a dauntless amount of ingenuity, the author winds elements of space travel, genetic manipulation, social upheaval, and the mastery over mortality into a cohesive plot, tightening these elements ...

Robert Reed Marrow - AbeBooks

MARROW. by Robert Reed RELEASE DATE: Sept. 1, 2000. Reed has previously written stories (included in The Dragons of Springplace, 1999) about a galaxy-cruising, supercolossal spaceship: this is the novel. Of unknown origin, the ship is nearly as ancient as the universe itself; when it wandered near the Milky Way, various human factions fought to take possession.

Marrow 1 Robert Reed Eventually, you will categorically discover a other experience and talent by spending more cash. yet when? reach you admit that you require to acquire those every needs afterward having significantly cash?

Marrow 1 Robert Reed - campus-haacht.be

Marrow by Robert Reed is one of the best SF novels I've read all year. It is quintessential SF, full of brave ideas and bold speculations. A giant starship enters the Milky Way. Where did it come from? Projecting its trajectory backwards gives no indication at all of its origin.
