The World Is Flat [Further Updated and Expanded; Release 3.0]

Harper Collins

Local neighborhood hoodlums Mack and his crew demands a piece of  
the American pie. Mike soon learns he is not exempt from the street  
law that has been laid down after going round for round in the hood he  
calls home. Detective Washington Is in for a career shock when he  
underestimates a group of locals who he considered "low level thugs."  
Based out of the City of Trees, Southside Sacramento, Ca Aka South  
Sac Iraq Cash Addict Publishing

60 Years of Holden Picador

This Independence Day edition of The World  
is Flat 3.0 includes an an exclusive preview  
of That Used to Be Us: How America Fell  
Behind in the World It Invented and How We  
Can Come Back, by Thomas L. Friedman and  
Michael Mandelbaum, on sale September 5th,  
2011. A New Edition of the Phenomenal #1  
Bestseller "One mark of a great book is that  
it makes you see things in a new way, and  
Mr. Friedman certainly succeeds in that

---

goal," the Nobel laureate Joseph E. Stiglitz wrote in The New York Times reviewing The World Is Flat in 2005. In this new edition, Thomas L. Friedman includes fresh stories and insights to help us understand the flattening of the world. Weaving new information into his overall thesis, and answering the questions he has been most frequently asked by parents across the country, this third edition also includes two new chapters--on how to be a political activist and social entrepreneur in a flat world; and on the more troubling question of how to manage our reputations and privacy in a world where we are all becoming publishers and public figures. The World Is Flat 3.0 is an essential update on globalization, its opportunities for individual empowerment, its achievements at lifting millions out of poverty, and its drawbacks--environmental, social, and political, powerfully illuminated by the Pulitzer Prize--winning author of The Lexus and the Olive Tree.

**The Age of Inventions** Addison-Wesley

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto

repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

As more and more people experiment with different decor and styles in interior design, pattern design has grown ever bolder and more diverse. Whether a bold, classical oversized herringbone or whimsical motifs that reveal little Red Riding Hood lost in the

---

woods, patterns can lend color, visual interest, and new dimension to any interior space. Interior Patterns explores the application of patterns like these and many more across a variety of mediums, from upholstery and drapes to home accessories and the very walls themselves. Divided into two sections, the first exploring pattern application and the second presenting a wide variety of pattern samples for readers, Interior Patterns promises to lend readers the inspiration for finishing touches that will elevate the style of any interior space.

**Savage Paradise** Apress

Lucy Nash has just finished up her sophomore year of high school and is anticipating an uneventful summer at her rural Georgia home. . . that is, until a weird twist of fate and physics takes her on a trip back through time to the year 1975 with Cameron Hall, a boy her age whose own time is thirty years into her future.

Cameron is hoping to stop a series of child disappearances, one of which deeply affected his family, and ends up teaming up with his accidental "passenger" to solve the crime. But despite their access to resources from the future, can two teenagers resolve a mystery that has remained a cold case for over sixty years. . . and what impact will their presence in the past have on their own lives - and their own futures?

*The Republic of India* Haynes Publishing Group

This book presents theories and case studies for corporations in developed nations, including Japan, for designing strategies to maximize opportunities and minimize threats in business expansion into developing nations. The case studies featured here focus on Asia, including China and India, and use examples of

Japanese manufacturers. Five case studies are provided, including Hitachi Construction Machinery and Shiseido in China and Maruti Suzuki in India. These cases facilitate the reader's understanding of the business environments in emerging economies. This volume is especially recommended for business people responsible for international business development, particularly in China and India. In addition, the book serves as a useful resource for students in graduate-level courses in international management.
