From a leading cultural journalist, the definitive cultural history of female showrunners—including exclusive interviews with such influential figures as Shonda Rhimes, Amy Sherman-Palladino, Mindy Kaling, Amy Schumer, and many more. "An urgent and entertaining history of the transformative powers of women in TV" (Kirkus Reviews, starred review). In recent years, women have radically transformed the television industry both behind and in front of the camera. From Murphy Brown to 30 Rock and beyond, these shows and the extraordinary women behind them have shaken up the entertainment landscape, making it look as if equal opportunities abound. But it took decades of determination in the face of outright exclusion to reach this new era. In this "sharp, funny, and gorgeously researched" (Emily Nussbaum, The New Yorker) book, veteran journalist Joy Press tells the story of the maverick women who broke through the barricades and the iconic shows that redefined

the television landscape starting with Diane English and Roseanne Barr—and even incited controversy that reached as far as the White House. Drawing on a wealth of original interviews with the key players like Amy Sherman-Palladino (Gilmore Girls), Jenji Kohan (Orange is the New Black), and Jill Soloway (Transparent) who created storylines and characters that changed how women are seen and how they see themselves, this is the exhilarating behind-the-scenes story of a cultural revolution.

In “an unabashedly biased, deeply researched book” (SF Gate), Ed Asner—the actor who starred as Lou Grant on The Mary Tyler Moore Show—reclaims the Constitution from the right-wingers who think that they and only they know how to interpret it. Ed Asner, a self-proclaimed dauntless Democrat from the old days, figured that if the right-wing wackos are wrong about voter fraud, Obama’s death panels, and climate change, they are probably just as wrong about what the Constitution says. There’s no way that two hundred-plus years later, the right-wing ideologues know how to interpret the Constitution. On their way home from Philadelphia the people who wrote it couldn’t agree on what it meant. What was the president’s job? Who knew? All they knew was that the president was going to be George Washington and as long as he was in charge, that was good enough. When Hamilton wanted to start a national bank, Madison told him that it was unconstitutional. Both men had been in the room when the Constitution was written. And now today there are politicians and judges who claim that they know the original meaning of the Constitution. Are you kidding? In The Grouchy Historian, Ed Asner leads the charge for liberals to reclaim the Constitution from the right-wingers who use it as their justification for doing whatever terrible thing they want to do, which is usually to comfort the comfortable and afflict the afflicted. It’s about time someone gave them hell and explained that progressives can read, too.

A fun and inspirational homage to The Mary Tyler Moore Show --now 50 years after its debut -- with "life lessons" on how Mary Richards serves as an icon and inspiration for generations of women to "make it after all." When the character of Mary Richards walked into the WJM News Room in the fall of 1970, one of the most beloved shows in television history was born. The Mary Tyler Moore Show would win 29 Emmys over its 7-year run, and would later be lauded as one of the most influential TV shows of all time. Not only that, but Mary Richards would become an icon and inspiration for future generations of women (for example, Oprah Winfrey, Andrea Mitchell, and Tina Fey have all credited Mary with inspiring their careers). Now entertainment writer Paula Bernstein writes this charming celebration of this groundbreaking show, offering not only fun trivia and history, but also the "lessons" we've gleaned, including: Make the Most of a Small Space. Mary's adorable nook in a Victorian home became TV's most famous bachelorette pad -- and, with Mary's "M" on the wall, inspired thousands of women to adopt their own first initial as home décor. Get Along with Everyone at Work. Lou Grant was grumpy, Ted Baxter a blowhard, and Murray an all-around nice guy. Mary worked with all her colleagues with grace and style. (And at the time, Mary's position as Associate Producer at WJM was glass-shattering!). You Can Have the Town -- Take it!: How Mary's famous "hat throw" was an inspiration to independent, working women everywhere. And many more!

Before Oprah...before Ellen...there was Dinah Shore. She was the queen of the afternoon talk show. For over five decades, Dinah induced a state of joy into people wherever she appeared, a love affair between her and her audience. In the fickle world of popular music, Dinah had a longer run at the top than any other girl singer, and on television, she had no equal in the musical field. Arguably, she was "the first lady of television." Dinah's life, however, was not always easy. She was a Jewish girl growing up in the Deep South and, at an early age, suffered a bout with polio. Later, as she was just achieving success as a radio/recording artist, a vicious rumor threatened to scuttle her career. Romantically, the lady was been involved with many men, from her first husband, actor George Montgomery, to Frank Sinatra, to her May/December affair with Burt Reynolds. Then, there were the clandestine relationships. Miss Dinah Shore is the candid story of a beloved woman whose career spanned almost all aspects of show business, from radio, records, movies, television variety and talk shows: a remarkable journey.

The form is so elemental, so basic, that we have difficulty imagining a time before it existed: a single set, fixed cameras, canned laughter, zany sidekicks, quirky family antics. Obsessively watched and critically ignored, sitcoms were a distraction, a gentle lullaby of a kinder, gentler America—until suddenly the artificial boundary between the world and television entertainment collapsed. In

this book we can watch the growth of the sitcom, following the path that leads from *Lucy* to *The Phil Silvers Show*; from *The Dick Van Dyke Show* to *The Mary Tyler Moore Show*; from *M*A*S*H* to *Taxi*; from *Cheers* to *Roseanne*; from *Seinfeld* to *Curb Your Enthusiasm*; and from *The Larry Sanders Show* to *30 Rock*. Each sitcom episode is a self-enclosed world, a brief overturning of the established order of its universe before returning to the precise spot from which it had begun. In twenty-four episodes, *Sitcom* surveys the history of the form, and functions as both a TV mixtape of fondly remembered shows that will guide us to notable series and larger trends, and a carefully curated guided tour through the history of one of our most treasured art forms. Saul Austerlitz is the author of *Another Fine Mess: A History of the American Film Comedy*, named by *Booklist* as one of the ten best arts books of 2010, and *Money for Nothing: A History of the Music Video from the Beatles to the White Stripes*. His work has been published in the *New York Times*, *Los Angeles Times*, *Boston Globe*, *Slate*, and elsewhere.

"Greg LeMond was Lance Armstrong before Lance Armstrong . . . the story of a true hero . . . This is a must read if you believe in miracles." —John Feinstein, *New York Times*—bestselling author In July 1986, Greg LeMond stunned the sporting world by becoming the first American to win the Tour de France, the world's pre-eminent bicycle race, defeating French cycling legend Bernard Hinault. Nine months later, LeMond lay in a hospital bed, his life in peril after a hunting accident, his career as a bicycle racer seemingly over. And yet, barely two years after this crisis, LeMond mounted a comeback almost without parallel in professional sports. In summer 1989, he again won the Tour—arguably the world's most grueling athletic contest—by the almost impossibly narrow margin of 8 seconds over another French legend, Laurent Fignon. It remains the closest Tour de France in history. "[A] blend of chaos, kindness and cruelty typifies the scenes that journalist de Visé brings to life in this sympathetic-verging-on-reverential retelling of LeMond's trailblazing career (first American to enter the tour, first to win it) . . . As an author in quest of his protagonist's motivation, [de Visé] subjects it to extreme torque." —*The Washington Post* "A great book . . . Well written and thoroughly researched . . . Engrossing and hard to put down. If you're a Greg LeMond fan, *The Comeback* is a must read because it's a detailed accounting of his career and more importantly his life and person off the bike. It's also an important reminder that American cycling did not begin and end with Lance Armstrong." —PEZ

In this "fast-paced and charming...absorbing cultural history" (*Publishers Weekly*), Jennifer Keishin Armstrong presents an engaging behind-the-scenes look at the making of a classic and groundbreaking TV show that defined the sitcom genre and revolutionized the way women were portrayed on television, as experienced by its producers, writers, and cast. When writer-producers James L. Brooks and Allan Burns dreamed up an edgy show about a divorced woman with a career, the CBS executives they pitched replied: "American audiences won't tolerate divorce in a series' lead any more than they will tolerate Jews, people with mustaches, and people who live in New York." Forty years later, *The Mary Tyler Moore Show* is one of the most beloved and recognizable television shows of all time. It was an

inspiration to a generation of women who wanted to have it all in an era when everything seemed possible. Jennifer Keishin Armstrong's *Mary and Lou and Rhoda and Ted* tells the stories behind the making of this popular classic, introducing the groundbreaking female writers who lent real-life stories to their TV scripts; the men who created the indelible characters; the lone woman network executive who cast the legendary ensemble—and advocated for this provocative show—and the colorful cast of actors who made it all work. James L. Brooks, Grant Tinker, Allan Burns, Valerie Harper, Cloris Leachman, Betty White, Gavin MacLeod, Ed Asner, Ted Knight, Georgia Engel—they all came together to make a show that changed women's lives and television itself. *Mary and Lou and Rhoda and Ted* is the tale of how they did it. From partying with David Lee Roth to flying on Bob Dylan's private jet, they were on a breakneck journey through a music revolution.
