Among twentieth century authors, P. L. Travers was by far the most productive and famous to hail from the British colony of Australia. After a brief and modestly successful acting career, she moved to London and pursued her own brand of journalism. She was a well-regarded drama critic and travel author, and she became friends with many influential writers and thinkers on both sides of the Atlantic Ocean. Eventually, she found her greatest voice in the form of Mary Poppins, the mysterious and powerful Edwardian nanny. Thirty years after the first Poppins adventure

is published, Walt Disney produced a live-action movie version, which has ingrained itself forever in the popular imagination. This biography traces Travers from her youth, her early career in acting and writing, the making of Mary Poppins, and more. LifeCaps is an imprint of BookCaps™ Study Guides. With each book, a lesser known or sometimes forgotten life is recapped.
