Sonichu #0 is the first issue of Christian Weston

Chandler's magnum opus. At this initial stage, the comic was almost entirely about Sonichu and Rosechu, although bits of Chris's life still managed to find their way in. The "hand-drawn premiere issue" is a special zero issue. In the comics industry, zero issues are used as either a sales-enhancing gimmick (Image Comics is a notable user of this) or a special preview of work that will not truly begin until issue #1. Given that it previews nothing, which one Chris was going for is probably the former, though given that it's not legally able to be sold, it fails even that. The comic consists of Sonichu's first three adventures. In "Sonichu's Origin", the core cast of the series is introduced as Sonichu and Rosechu are created. Then, in "Genesis of the Lovehogs", the two protagonists meet and immediately fall in love. Finally, in "Sonichu vs. Naitsirhc", our yellow hero does battle with his first real villain, who but foreshadows the challenges awaiting the hedgehogs in the following issue. Bonus

material in *Sonichu #0* includes various advertisements for imaginary *Sonichu* products, "classic" *Sonichu* comic strips drawn outside of the narrative of the main comic book, and the first "Sub-Episode".

An all-new adventure inspired by the award-winning videogame from BioWare! The universe is under siege. Every fifty thousand years, a race of sentient machines invades our galaxy to harvest all organic life-forms. They are the Reapers. Two people who know the truth are desperately searching for a way to stop the cycle: Navy admiral David Anderson and his partner, Kahlee Sanders. They have uncovered grisly evidence proving that the Reaper threat is real. But in so doing they have exposed the machinations of Cerberus, a secretive paramilitary

organization, and its mysterious leader, the Illusive Man—putting David and Kahlee in mortal danger, for Cerberus will stop at nothing to protect its secrets. But along the way, they find an unlikely ally in Gillian Grayson, a young woman with extraordinary powers. Once the subject of horrifying scientific experiments, Gillian is now free—and beginning to master her deadly abilities. But after learning that Cerberus was responsible for the death of her father, Gillian swears vengeance against the group and the Illusive Man—threatening to unravel everything Kahlee and David are fighting for.

Mass Effect 3 Legendary Edition - Strategy Guide Gamer Guides
Humanity has reached the stars, joining the vast galactic community of alien species. But beyond the fringes of explored space lurk the Reapers, a race of sentient starships bent on “harvesting” the galaxy’s organic species for their own dark purpose. The Illusive Man, leader of the pro-human black ops group Cerberus, is one of the few who know the truth about the Reapers. To ensure humanity’s survival, he launches a desperate plan to uncover the enemy’s strengths—and weaknesses—by studying someone implanted with modified Reaper technology. He knows the perfect subject for his horrific experiments: former Cerberus operative Paul Grayson, who wrested his daughter from the cabal’s control with the help of Ascension project director Kahlee Sanders. But when Kahlee learns that Grayson is missing, she turns to the only person she can trust: Alliance war hero Captain David Anderson. Together they set out to find the secret Cerberus facility where Grayson is being held. But they aren’t the only ones after him. And time is running out. As the experiments continue, the sinister Reaper technology twists Grayson’s mind. The insidious whispers grow ever stronger in his head, threatening to take over his very identity and unleash the

Reapers on an unsuspecting galaxy. This novel is based on a Mature-rated video game.

The Works of Saint Augustine Del Rey

Punk rock culture in a preeminently average town Synonymous with American mediocrity, Peoria was fertile ground for the boredom- and anger-fueled fury of punk rock. Jonathan Wright and Dawson Barrett explore the do-it-yourself scene built by Peoria punks, performers, and scenesters in the 1980s and 1990s. From fanzines to indie record shops to renting the VFW hall for an all-ages show, Peoria's punk culture reflected the movement elsewhere, but the city's conservatism and industrial decline offered a richer-than-usual target environment for rebellion. Eyewitness accounts take readers into hangouts and long-lost venues, while interviews with the people who were there trace the ever-changing scene and varied fortunes of local legends like Caustic Defiance, Dollface, and Planes Mistaken for Stars. What emerges is a sympathetic portrait of a youth culture in search of entertainment but just as hungry for community—the shared sense of otherness that, even for one night only, could unite outsiders and discontents under the banner of music. A raucous look at a small-city underground, *Punks in Peoria* takes readers off the beaten track to reveal the punk rock life as lived in Anytown, U.S.A.

Mass Effect: Retribution Marvel

The thrilling prequel to the award-winning video game from BioWare. Every advanced society in the galaxy relies on the technology of the Protheans, an ancient species that vanished fifty thousand years ago. After discovering a cache of Prothean technology on Mars in 2148, humanity is spreading to the stars; the newest interstellar species, struggling to carve out its place in the greater galactic community. On the edge of colonized space, ship commander and Alliance war hero David Anderson investigates the remains of a top secret military research station; smoking ruins littered with bodies and unanswered questions. Who attacked this post and for what purpose? And where is Kahlee Sanders, the young scientist who mysteriously vanished from the base—hours before her colleagues were slaughtered? Sanders is now the prime suspect, but finding her creates more problems for Anderson than it solves. Partnered with a rogue alien agent he can't trust and pursued by an assassin he can't escape, Anderson battles impossible odds on uncharted worlds to uncover a sinister conspiracy . . . one he won't live to tell about. Or so the enemy thinks. **BONUS:** This edition includes an excerpt from Drew Karpshyn's Mass Effect: Ascension.
