The history play is an extremely popular genre among English playwrights of this century, yet very little research has been done in the field. In particular, the sheer size and complexity of the subject appears to have prevented critics from attempting to arrive at a clear definition of the genre. This book examines the term 'history play' afresh, seeking to define more precisely the scope and the limits of the genre in relation to twentieth-century ideas of and attitudes to history.

Nabokov's translation of Pushkin's Eugene Onegin (1964) and its accompanying Commentary, along with Ada, or Ardor (1969), his densely allusive late English language novel, have appeared nearly inscrutable to many interpreters of his work. If not outright failures, they are often considered relatively unsuccessful curiosities. In Bozovic's insightful study, these key texts reveal Nabokov's ambitions to reimagine a canon of nineteenth- and twentieth-century Western masterpieces with Russian literature as a central, rather than marginal, strain. Nabokov's scholarly work, translations, and lectures on literature bear resemblance to New Critical canon reformations; however, Nabokov's canon is pointedly translingual and transnational and serves to legitimize his own literary practice. The new angles and theoretical framework offered by Nabokov's Canon help us to understand why Nabokov's provocative monuments remain powerful source texts for several generations of diverse international writers, as well as richly productive material for visual, cinematic, musical, and other artistic adaptations.

Brian and his friends are not part of the cool crowd. They're the misfits and the troublemakers—the ones who jump their high school's fence to skip class regularly. So when a deadly virus breaks out, they're the only ones with a chance of surviving. The virus turns Brian's classmates and teachers into bloodthirsty attackers who don't die easily. The whole school goes on lockdown, but Brian and his best friend, Chad, are safe (and stuck) in the theater department—far from Brian's sister, Kenzie, and his ex-girlfriend with a panic attack problem, Laura. Brian and Chad, along with some of the theater kids Brian had never given the time of day before, decide to find the girls and bring them to the safety of the theater. But it won't be easy, and it will test everything they thought they knew about themselves and their classmates. Praise for SICK "The gore and action will leave enthralled readers thrilled and then sated with each kill on either side." —Booklist "Between the pacing and the heroes' salty, blue language (full of lovingly creative, genital-inspired insults), reluctant readers who love zombies will devour it, right up to the abrupt end." —Kirkus Reviews "Sick is well written, with great detail, even if it is a little gory." —VOYA Magazine Awards 2014 Quick Picks for Reluctant Young Readers list from YALSA *Austen's Unbecoming Conjunctions* Test Mentor

The sixteen short stories collected here were written between 1891 and 1917 by the Bengali poet, writer, painter, musician and mystic, Sir Rabindranath Tagore (1861-1941). Throughout these stories, Tagore's main interest is people and the kaleidoscope of human emotions, as men and women struggle with the restrictions and prohibitions of contemporary Hindu society.

Rabindranath Tagore, also written Rabindranatha Thakura, (7 May 1861 - 7 August 1941), sobriquet Gurudev, was a Bengali polymath who reshaped Bengali literature and music, as well as Indian art with Contextual Modernism in the late 19th and early 20th centuries. Author of *Gitanjali* and its "profoundly sensitive, fresh and beautiful verse", he became the first non-European to win the Nobel Prize in Literature in 1913. In translation his poetry was viewed as spiritual and mercurial; however, his "elegant prose and magical poetry remain largely unknown outside Bengal. Tagore introduced new prose and verse forms and the use of colloquial language into Bengali literature, thereby freeing it from traditional models based on classical Sanskrit. He was highly influential in introducing the best of Indian culture to the West and vice versa, and he is generally regarded as the outstanding creative artist of the modern Indian subcontinent, being highly commemorated in India and Bangladesh, as well as in Sri Lanka, Nepal and Pakistan.

Austen's Unbecoming Conjunctions is a contemporary study of all Jane Austen's writings focusing on her representation of women, sexuality, the material objects, and linguistic patterns by which this sexuality was expressed. Heydt-Stevenson demonstrates the subtle, vulgar, and humorous ways Austen uses human bodies, objects, and activities (fashion, jewelry, crafts, popular literature, travel and tourism, money, and courtship rituals) to convey sexuality and sexual appetites. Through the sexual subtext, Heydt-Stevenson proposes, Austen satirized contemporary sexual hypocrisy; overcame the stereotypes of women authors as sexually inhibited, sheltered, or repressed; and addressed as sophisticated and worldly an audience as Byron's. Thus through her careful reading of all the Austen texts in light of the language of eroticism, both traditional and contemporary, Heydt-Stevenson re-evaluates Austen's audience, the novels, and her role as a writer.

Chief Inspector Armand Gamache has come not to join the revels but to recover from an investigation gone hauntingly wrong. But violent death is inescapable, even in the apparent sanctuary of the Literary and Historical Society—where an obsessive historian's quest for the remains of the founder of Quebec, Samuel de Champlain, ends in murder. Although he is supposed to be on leave, Gamache cannot walk away from a crime that threatens to ignite long-smoldering tensions between the English and the French. Meanwhile, he is receiving disquieting letters from the village of Three Pines, where beloved Bistro owner Olivier was recently convicted of murder. As past and present collide in this astonishing novel, Gamache must relive the terrible event of his own past before he can bury his dead.

Selected writings from the author of *Brave New World* and *The Doors of Perception* on the role of psychedelics in society. • Includes letters and lectures by Huxley never published elsewhere. In May 1953 Aldous Huxley took four-tenths of a gram of mescaline. The mystical and transcendent experience that followed set him off on an exploration that was to produce a revolutionary body of work about the inner reaches of the human mind. Huxley was decades ahead of his time in his anticipation of the dangers modern culture was creating through explosive population increase, headlong technological advance, and militant nationalism, and he saw psychedelics as the greatest means at our disposal to "remind adults that the real world is very different from the misshapen universe they have created for themselves by means of their culture-conditioned prejudices." Much of Huxley's writings following his 1953 mescaline experiment can be seen as his attempt to reveal the power of these substances to awaken a sense of the sacred in people living in a technological society hostile to mystical revelations. *Moksha*, a Sanskrit word meaning "liberation," is a collection of the prophetic and visionary writings of Aldous Huxley. It includes selections from his acclaimed novels *Brave New World* and *Island*, both of which envision societies centered around the use of psychedelics as stabilizing forces, as well as pieces from *The Doors of Perception* and *Heaven and Hell*, his famous works on consciousness expansion.
