Math Journal Rubric - Wasatch

To begin our lesson, I ask the students to bring their math reflection journals to the community area. When they are assembled, I show them a math journal rubric and discuss the criteria for a proficient third grade mathematical entry. I then place different entries from my last year's class up to see if we can score them using the rubric.

Sometimes the feedback for a whole set of class journals can

be tedious. This product has pre-created rubrics for student

math journals. They print on Avery labels number 5164, for

ease of use.

Containing a mix of routine and non-routine problems these

math journal tasks provide opportunities for students to make

their own decisions about how to record their math ideas and

thinking without the structure of a worksheet.
