#### STAAR Math Exercise Book for Grade 4

Effortless Math Education

[www.EffortlessMath.com](http://www.EffortlessMath.com)

This book includes a series of different questions on various topics, such as animal, science, astronomy, movies, history, maths, and much more. These carefully crafted questions are meant to create a fun, easy, and interesting learning process for children. Who was the first man to step foot in space? What can eat a lot of iron without getting sick? This and other questions have been put together to create the best and most fascinating questions for you,

your kids, and the entire family. We know trivia is fun, especially for kids, but we also know that learning new things and gaining new knowledge on topics you love is one of the most enjoyable parts about it. Trivia has been around since the dawn of time and continuously brings new and fun interactive ways for friends, family and children to enjoy together. Unfortunately, finding interesting topics to learn about can take a lot of time and effort to find when searching through blog post after blog post. Luckily, Trivia for Smart Kids puts an end to this problem, having all of the information you want to learn about and test your skills on in one, convenient place. These aren't the kinds of questions kids learn in school. Instead, questions consist of some really interesting facts kids will probably never hear about in school. This collection of quizzes and true-and-false

---

questions includes questions about space, animals, historical events, countries and lots more. Its great design (questions on left page side; answers on the right) and dimensions will make it easy to handle and will be pleasing and enjoyable for quiz or trivia nights, long car rides or even the backyard camping nights. So, are you ready to test your skills and see what you know about all different kinds of trivia? Then scroll up and click the Add to Cart button now!
