[Spectrum Critical Thinking for Math, Grade 3](#) Apex Test Prep

Spectrum Math for grade 3 keeps kids at the top of their math game using progressive practice, math in everyday settings, and tests to monitor progress. The math workbook covers addition, subtraction, multiplication, division, fractions, and presenting data. A best-selling series for well over 15 years, Spectrum still leads the way because it works. It works for parents who want to give their child a leg up in math. It works for teachers who want their students to meet—and surpass—learning goals. And it works to help children build confidence and advance their skills. No matter what subject or grade, Spectrum provides thorough practice and focused instruction to support student success.

[Spectrum Math Workbook, Grade 2](#) Carson-Dellosa Publishing

PLEASE NOTE - this is a replica of the print book and you will need paper and a pencil to complete the exercises. Love it or hate it, math is an essential subject to know. Now you can master it with this colorful practice ebook. Do you feel a bit left behind in math class? Or are you a math genius and want to practice more at home? DK's How to be Good at Maths course book for children aged 7-12 now has two accompanying workbooks: Workbook 1 covers ages 7-9 and Workbook 2 covers ages 9-12. These workbooks will help to cement everything you need to know about math through practice questions and practical exercises. Easy-to-follow instructions allow you to try out what you've studied, helping you understand what you've learned in school or giving extra revision practice before that important test. Workbook 2 is aimed at children aged 9-12 (Upper Key Stage 2 in the UK, Grades 4, 5, and 6 in the US), and covers all the key areas of the school curriculum for this level, including working with fractions and decimal numbers, percentages, long multiplication and division, measurement, geometry, coordinates, statistics, probability, and basic algebra. And there are answers at the back to check that you're on the right path. This workbook accompanies DK's How to be Good at Maths coursebook, but can also be used on its own to reinforce classroom teaching.

[6th and 7th Grade Math Workbook](#) Carson-Dellosa Publishing

We believe kids get better at math with practice, resulting in confidence and positive attitude towards math that is required to excel in school. This workbook provides kids with additional math practice that reinforces and complements what is taught at school. There are no pictures or word problems, and focus on mastery of basic addition and subtraction. This workbook combines traditional addition and subtraction math problems, with number bond problems. Many elementary schools teach math using Number Bonds, and we want kids to have practice on both traditional math questions and number bonds to build fluency and speed in basic arithmetic.
