### Mathcounts 2011 State Sprint Round

We must find, in seconds, how long it took Malika to run all 3 miles. Converting

6 minutes and 45 seconds to seconds, we get  $(6 \times 60) + 45 = 360 + 45 =$

405. To find a time that is  $\frac{1}{9}$  longer we must multiply by  $\frac{10}{9}$  to get  $(\frac{10}{9}) \times$

$405 = 10 \times 45 = 450$ . Malika took 450 seconds to run the 2 mile.
