Sprint Round solutions. #22:
The answer is 2674. See left
for explanations. #23: Let the
two consecutive positive
integers be x and $x + 1$. $(x + 1)$
 $/ x = 1.02$, $x + 1 = 1.02x$,
 $0.02x = 1$, $x = 1$ divided by
 $0.02 = 1$ times $100/2 = 50$.

MATHCOUNTS is the
premiere U.S.
competition and
enrichment program

that motivates and
rewards middle school
students for math
achievement. It includes
participants in all
fifty states, the
District of Columbia,
U.S. Territories, and
State Department and
Defense Department
schools.

MATHCOUNTS

This format is
still used in many
Chapter and State
competitions, in
part because
Mathcounts requires
that this structure

be used if the Countdown Round will determine the final individual rankings. Beginning in 2004, the format of the Countdown Round at the national competition changed to a weighted single elimination bracket .
