Higher Engineering Mathematics by BS Grewal PDF Free Download

If you narrowed your choice between math and an engineering field, pick math. Engineering is notorious for age discrimination, and you will probably be looking for a new career suddenly in your late 40s or 50s if you followed an engineering career. Engineers in that age group don't get interviewed and don't get hired.

Engineering mathematics - Wikipedia
Engineers are often math enthusiasts who got bored with the abstract. Even though

number crunching is significant to engineers' work, math is no more than a convenient means to arrive at a physical end. The type of math an engineer uses will depend on the type of engineer she is and the type of project in which she's involved.
