The Mathematics Olympiad Workbook (Class-7) has written to help students prepare for the national and International Olympiad, NTSE and for the examination conducted by the CBSE and other boards. Each Chapter starts with mind maps with a quick look (summary), including important formulae wherever applicable, to help students recapitulate what they

have learnt. All forms of questions, covering different learning outcomes in multiple-choice questions. It is important that the student go through them, as they will help him or her to prepare for the examination better. After doing given exercise students should attempt to answer the questions of self-evaluation test on their own and then check them against the given answers. This way they can evaluate their proficiency and subsequently work on their problem areas.
