Throughout the world, teaching is looked at as one of the most respected and noble profession a person could have. A great teacher not only shows the right path that a student should follow but also prepares the human resources for the further development of the nation. Among various exams CTET is the most popular teaching exam in the country. Central Teaching Eligibility Test (CTET) is a national level test conducted by CBSE twice a year to recruit the eligible candidates as teacher. The exam is conducted into 2 papers: Paper 1 for class 1-5 and Paper 2 for class 6-8. Any candidate who is interested to become a teacher for classes 6 to 8 then they have to appear for both the papers. The new the edition of Study Guide 'Success Master CTET Mathematics and Science Paper - II' has been prepared completely on the latest exam pattern. The book has been divided into 5 key sections and further divided into chapters providing the focused study material. After covering theoretical part this book also concentrates on the practice part, it provides Previous Years' Solved Paper, 2

practice sets and more than 3000 MCQs for thorough practice. Ample numbers of questions have been given which are covered in a Chapterwise manner that allows candidates to understand the trend of the questions as well as the exam. This book will prove to be highly useful for the CTET Paper 2 exam as it will help in achieving the good rank in the exam. STPM 2013 to STPM 2019 Routledge

These books contain clear and comprehensive solutions to the Junior Certificate Higher Exam Paper Questions for the last four years (2018, 2017, 2016 and 2015). The 2014, 2013 and 2012 solutions are also available to download and view on any device and can be added to your cart at checkout later if you wish. The unique handwritten solutions are easy to understand for the weaker student but will also provide the high flyer with the skills to hit the "H1" grade. There is one hundred and fifty eight pages of the best notes in each book making it a competitive production at this price point. Each book contains the most detailed solutions of any Maths book on the market in Ireland and sets out every single line of the solution (step by step) with notes explaining the Maths behind them. The solutions encompass all topics on the course including Algebra, Geometry, Probability, Statistics, Trigonometry, Area and Volume, Enlargements, etc.. They also give an insight into the marking scheme of each paper. Students who regularly use these books negate the need to spend hundreds of Euro's on tuition, as many parents have commented to me over the years. Students can easily follow the stepped solutions on their own and subsequently learn how to apply it to a similar styled exam question later. The most efficient way for a student to use the book is to try each question part for themselves first and then subsequently refer to my solution to see where they have gone right or wrong; hence the student is always 'learning by doing'.
