Principles of Orchestration, with Musical Examples Drawn from His Own Works is a book by a famous Russian composer Nikolai Rimsky-Korsakov, member of the group of composers known as The Five. The book presents a notable attempt to show all of the nuances of orchestration. The author describes everything one needs to know about arranging parts for a string or full orchestra. The book is concise, articulate and excels at being both a book of reference and a book of general knowledge.

Mark Ravenhill's *Faust (Faust is Dead)* is a dark and often brutally funny journey through a world of virtual reality The world's most famous philosopher arrives in Los Angeles and is greeted as a star. In a round of chat show appearances, he announces the Death of Man and the End of History. When he meets up with a young man who is on the run from his father, a leading software magnate, they embark on a hedonistic voyage across America. But in the play's bloody conclusion, they discover that not all events are virtual. "In Shopping and Fucking, Mark Ravenhill made theatre relevant to the Thatcher generation. Now he's put videos and Net-surfing in FAUST. And it's no less stunning." (The Guardian)

If you want to learn how to study effectively, improve your grades, and become a better student, then check out *HowExpert Guide to Study Skills*. Students are under more pressure than ever to perform well in the classroom, write flawless papers, and excel during testing. Sadly, many students struggle in school because they do not know how to succeed in the academic environment. This book seeks to give students the tools they need to succeed. Written by an experienced tutor, this book examines 101 lessons every student needs to be successful. Academic success is not just about taking the right classes; it's also about using the right skills and structures to organize and streamline your learning process. This book examines every aspect of student life, taking you from the beginning of the class through your final special projects. Students are encouraged to get a planner and are taught how to use it to increase their productivity and success significantly. They are also taught how to take an active part in their education with lessons on the T-zone in classrooms and on nine study skills proven effective through experience. Readers are then taught how to write and speak effectively by managing their information and organizational structures, and they learn key test-taking strategies and tips for managing test anxiety. This book delves into the specifics that every student needs to succeed in their academic ventures, giving them the tools and the support they need to be truly successful. Check out *HowExpert Guide to Study Skills* now! About the Expert Sarah Fantinel has been a tutor of all ages for five years. She enjoys helping students discover their academic potential and has helped many students improve their grades and pass various standardized tests, including the ACT and the teacher test. This book addresses one of the most critical issues facing global business leaders and the multicultural workforce – how to work and relate effectively in the intercultural contexts. The author presents business professionals, practitioners and academics with the Collaborative Intercultural Competence Model. Based on solid theoretical assumptions and real intercultural experiences, this model is to help professionals work more effectively across and within cultures. This book expands the traditional presentation of existing knowledge by providing a unified discussion of intercultural communication and its conceptual foundations. The book offers readers with a contemporary insight into the intercultural competence phenomenon and highlights the basis for its experience-based inquiry, assessment and development. A distinctive feature of Intercultural Competence in Organizations is its comprehensive coverage of the intercultural competence framework from both communication and organizational behavior perspectives. This book does not cover traditional areas of international business, international management, global management strategy and policy and cross-cultural comparative management, but focuses on theoretical foundations of intercultural competence and intercultural competence research and practice. The author describes the complex nature of intercultural competence in a straightforward format which helps professionals, practitioners and students to envision a variety of intercultural situations in which they may behave competently. Thus, the conceptual acumen of this title is to understand the premises of intercultural competence, embrace its theoretical assumptions, see its practical applicability, and advance individual intercultural competence. Featuring examples and skill development exercises, this book will be appealing to professionals, practitioners, students, academics and policy makers in the field of international business, management and communication. "Dr. Matveev challenges his readers to develop their intercultural competence so as to make themselves more effective, more humane and more socially skilled in a world that increasingly involves extensive contact across various

groups of people.” --from the Foreword by Richard W. Brislin, University of Hawaii “Dr. Matveev creates an awareness of intercultural competence by exposing the reader to the theoretical concepts and practical tools. Business people and academics will use this book to recognize and leverage the benefits of cultural diversity.” --Berthold Mukuahima, Director of Human Capital, Ohlthaver & List Group, Namibia “Dr. Matveev reveals how intercultural competence of professional multicultural teams helps in achieving corporate competitive advantage and longevity in a challenging globalized world. This book is very useful for managers, scholars and students who want to elevate the efficacy of intercultural relationship in their professional and personal lives.” --Sre?ko ?ebon, Management Board Member, Sava Reinsurance Company, Slovenia /div
