Class is in, but Evangeline Hollis is struggling to get through the requisite training to be a full-fledged Mark. When her class goes on a field trip to an abandoned military base, passing the course isn't just a matter of pride...it's a matter of life and death. There's a demon hidden among them, killing off Eve's classmates one by one. In Eve of Destruction, as the body count mounts, a ragtag team of cable TV ghost hunters unwittingly stumbles into the carnage. Now keeping the Mark system secret competes with the need to keep the "paranormal researchers" alive. With Cain on assignment and Abel on an investigation, Eve must fly solo on her hunt to stop a killer before he strikes again. "This contextualizing of the imagination reveals two dimensions in the writer's discursive strategy: the ideological function of reconciling contradictions, and the utopian drive to subvert imperialist subjection via the invention of an egalitarian, resurgent Filipino community--the fulfillment of the dream of the 1896 Revolution. Joaquin's corpus is therefore as conflicted, as torn by the same contradictions as the body politic which his art seeks to mediate."--P. [4] of cover.

(starred review) Almost everything Callie's family owns is in their front yard — their furniture, their potted flowers, even Callie's bike. They can't stay in this house and are moving to a smaller apartment where most of their things won't fit, so today they are having a yard sale. With sensitivity and grace, Eve Bunting and Lauren Castillo portray an event at once familiar and difficult, making clear that a home isn't about what you have, but whom you hold close.

Soon to be a major motion picture, from Brad Pitt and Tony Kushner A Washington Post Best Book of 2015 A mid-century doctor's raw, unvarnished account of his own descent into madness, and his daughter's attempt to piece his life back together and make sense of her own. Texas-born and Harvard-educated, Dr. Perry Baird was a rising medical star in the late 1920s and 1930s. Early in his career, ahead of his time, he grew fascinated with identifying the biochemical root of manic depression, just as he began to suffer from it himself. By the time the results of his groundbreaking experiments were published, Dr. Baird had been institutionalized multiple times, his medical license revoked, and his wife and daughters estranged. He later received a lobotomy and died from a consequent seizure, his research incomplete, his achievements unrecognized. Mimi Baird grew up never fully knowing this story, as her family went silent about the father who had been absent for most of her childhood. Decades later, a string of extraordinary coincidences led to the recovery of a manuscript which Dr. Baird had worked on throughout his brutal institutionalization, confinement, and escape. This remarkable document, reflecting periods of both manic exhilaration and clear-headed health, presents a startling portrait of a man who was a uniquely astute observer of his own condition, struggling with a disease for which there was no cure, racing against time to unlock the key to treatment before his illness became impossible to manage. Fifty years after being told her father would forever be "ill" and "away," Mimi Baird set off on a quest to piece together the memoir and the man. In time her fingers became stained with the lead of the pencil he had used to write his manuscript, as she devoted herself to understanding who he was, why he disappeared, and what legacy she had inherited. The result of his extraordinary record and her journey to bring his name to light is He Wanted the Moon, an unforgettable testament to the reaches of the mind and the redeeming power of a determined heart.

From the bestselling author of The Vagina Monologues—a powerful, life-changing examination of abuse and atonement. "A triumph of artistry and empathy." —Naomi Klein "A crucial step forward... This is an urgently needed book right now." —Jane Fonda "Courageous, transformative, and yes—healing." —Anne Lamott Like millions of women, Eve Ensler has been waiting much of her lifetime for an apology. Sexually and physically abused by her father, Eve has struggled her whole life from this betrayal, longing for an honest reckoning from a man who is long dead. After years of work as an anti-violence activist, she decided she would wait no longer; an apology could be imagined, by her, for her, to her. The Apology, written by Eve from her father's point of view in the words she longed to hear, attempts to transform the abuse she suffered with unflinching truthfulness, compassion, and an expansive vision for the future. Through The Apology Eve has set out to provide a new way for herself and a possible road for others, so that survivors of abuse may finally envision how to be free. She grapples with questions she has sought answers to since she first realized the impact of her father's abuse on her life: How do we offer a doorway rather than a locked cell? How do we move from humiliation to revelation, from curtailing behavior to changing it, from condemning perpetrators to calling them to reckoning? What will it take for abusers to genuinely apologize? Remarkable and original, The Apology is an

acutely transformational look at how, from the wounds of sexual abuse, we can begin to re-emerge and heal. It is revolutionary, asking everything of each of us: courage, honesty, and forgiveness.

Eve of Darkness Harper Collins

No one burned hotter than Eve Babitz. Possessing skin that radiated "its own kind of moral laws," spectacular teeth, and a figure that was the stuff of legend, she seduced seemingly everyone who was anyone in Los Angeles for a long stretch of the 1960s and '70s. One man proved elusive, however, and so Babitz did what she did best, she wrote him a book. Slow Days, Fast Company is a full-fledged and full-bodied evocation of a bygone Southern California that far exceeds its mash-note premise. In ten sun-baked, Santa Ana wind-swept sketches, Babitz recreates a Los Angeles of movie stars distraught over their success, socialites on three-day drug binges holed up in the Chateau Marmont, soap-opera actors worried that tomorrow's script will kill them off, Italian femmes fatales even more fatal than Babitz. And she even leaves LA now and then, spending an afternoon at the house of flawless Orange County suburbanites, a day among the grape pickers of the Central Valley, a weekend in Palm Springs where her dreams of romance fizzle and her only solace is Virginia Woolf. In the end it doesn't matter if Babitz ever gets the guy—she seduces us.

"Chief Victorio of the Warm Springs Apache has recounted the turbulent life of his people between 1876 and 1886. This eyewitness account . . . recalls not only the hunger, pursuit, and strife of those years, but also the thoughts, feelings, and culture of the hunted tribe. Recommended as general reading."—Library Journal "This volume contains a great deal of interesting information."—Journal of the West "The Apache point of view [is] presented with great clarity."—Books of the Southwest "A valuable addition to the southwestern frontier shelf and long will be drawn upon and used."—Journal of Arizona History "A genuine contribution to the story of the Apache wars, and a very readable book as well."—Westerners Brand Book "Shining through every page is the unquenchable spirit that was the Apache. Inured, indeed trained, to suffering, Apaches stood strong beside Victorio, Nana, and finally Geronimo in a vain attempt to maintain those things they held more dear than life itself—freedom, homeland, dignity as human beings. A warm and vital people, the Apaches had, and have, a great deal to offer."—Arizona and the West

Celebrating the centennial of his birth, the first-ever U.S. publication of Philippine writer Nick Joaquin's seminal works, with a foreword by PEN/Open Book Award – winner Gina Apostol A New York Times Book Review Editor's Choice Nick Joaquin is widely considered one of the greatest Filipino writers, but he has remained little-known outside his home country despite writing in English. Set amid the ruins of Manila devastated by World War II, his stories are steeped in the post-colonial anguish and hopes of his era and resonate with the ironic perspectives on colonial history of Gabriel Garcia M á rquez and Mario Vargas Llosa. His work meditates on the questions and challenges of the Filipino individual's new freedom after a long history of colonialism, exploring folklore, centuries-old Catholic rites, the Spanish colonial past, magical realism, and baroque splendor and excess. This collection features his best-known story, "The Woman Who Had Two Navels," centered on Philippine emigrants living in Hong Kong and later expanded into a novel, the much-anthologized stories "May Day Eve" and "The Summer Solstice" and a canonic play, A Portrait of the Artist as Filipino. As Penguin Classics previously launched his countryman Jose Rizal to a wide audience, now Joaquin will find new readers with the first American collection of his work. Introduction and Suggestions for Further Reading by Vicente L. Rafael For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
