Struggling with debt? Frustrated about work? Just not satisfied with life? The Simple Dollar can change your life. Trent Hamm found himself drowning in consumer debt, working in a job he couldn't stand... and figured out how to escape that debt and build the fulfilling career he'd always dreamt about, all at the same time. Hamm shared his experiences at [TheSimpleDollar.com](http://TheSimpleDollar.com)—and built it into one of America's top personal finance websites. Now, The Simple Dollar is a book: packed with practical tips, tools,

and lessons you can use to transform your life, too. This isn't just "another" personal finance book: it's profoundly motivating, empowering, practical, and 100% grounded in today's American realities. Trent Hamm will show you how to rewrite the rules, creating healthier relationships with money... and with your loved ones, too. With his help, you can get out of debt, start moving forward, and build the strong personal community that offers true happiness—no matter what happens to the economy. • Escape the plastic prison, and stop running to stand still 5 simple steps to

---

eliminate credit card debt... and 5 more to start moving forward · Shift your life ' s balance towards more positive, stronger relationships Learn how to put the golden rule to work for you · Discover the power of goals in a random world Then, learn how to overcome inertia, and transform goals into reality · Navigate the treacherous boundaries between love and money Move towards deeper communication, greater honesty, and more courage Creating Motion Graphics with After Effects Wilfrid Laurier Univ. Press This is the biography, not of an individual but of a small military unit, the 8th Tank Battalion, 4th Armored

Division (1943-1946). Combat with the German Army was the destiny of this Battalion. Nothing in my long, full life could compare with the priceless opportunity that I had to command the men of the 8th Tank Battalion. This is their story.

If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data.

Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

Eve Sterling

Christ's journey to the cross is filled with images of His sacrificial love for us: the Palms, the Cup and the Bread, the Nails, the Crown of Thorns, and more. These images form the centerpiece of "Come to the Cross and Remember." During simple choir or congregation interludes, each of the images is brought forward to create a very moving tableau. Additional choruses and hymns illumine the journey, including the haunting "Go to Dark Gethsemane," the spine-tingling "Judas," the mournful "Surely He Has Borne Our Grievs," the transportive "You Will Be with Me in Paradise," and the majestic "Every Knee Should Bow." Narration is included for one or more speakers. This worship experience may be performed with piano accompaniment or Michael Lawrence's full orchestration. The Hamlyn Book of Horror and S.F. The Diary of a Madman John  
Wiley & Sons

Over the last forty years, Canadian adventurer, writer, and artist Allen Smutylo has experienced some of the wildest and most captivating waters imaginable in all corners of the globe. The stories in *The Memory of Water*—all of them accompanied by the author's own stunning artwork—describe his adventures in the Arctic, South

---

Pacific, Great Lakes region, and India. In the Arctic he is attacked by a polar bear, stalked by a rogue walrus, and nearly drowns in ferocious waters. But his Arctic stories also celebrate human creativity as they recount the life of the pre-Inuit people, who, hunting in a changing environment, endured many hardships and developed new technologies, such as the sea kayak, to cope. Other stories include an account of a sojourn in a small Georgian Bay fishing village as a young artist, an adventure on an urban river in southwestern Ontario, and a portrayal of the complex underwater world of the South Pacific. Travelling the River Ganges in India, the author finds that a massive misuse of water is complicated by a billion people's faith-based adoration of the same water. *The Memory of Water* probes a crucial and contemporary issue—that of our relationship to water and the wildlife and human life that depends upon it. This book will appeal to anyone interested in the natural world, in artistic depictions of it, or in a good story well told.

Come to the Cross and Remember Lorenz Publishing Company

A complete oral history of Canada's most iconic team, compiled from interviews with some of the biggest names in hockey, then and now. Eric Zweig takes readers through the storied history of the Leafs through the eyes of their players, coaches, managers, and fans.

*The Condominium Act* Professional Publications Incorporated

The Taiwan economy has undergone a successful transition in the post-war period—transition from agricultural to industrial, from traditional to modern, and from backward to advanced economy. This book explores and illuminates broad dimensions of the transition growth of the Taiwan economy for the period 1951-81. It deals in depth with all major aspects: key issues of the early period; labor absorption and income distribution; trade, prices and external shocks; technical

---

change; and economic policies. The design from the ground up. Because coverage of these topics is extensive, so as to give readers a comprehensive outlook of the development of Taiwan after the Second World War.

308 Circuits Albert Whitman & Company

These trucks are ready to go all sorts of places, from an apple orchard to a dairy! Every time a page is turned, one truck leaves the garage and goes out to pick up its special load. It's a fun rhyming book, and a great way to practice counting down from five.

Patton's Juggernaut: The Rolling 8-Ball 8th Tank Battalion of the 4th Armored Division Hassell Street Press

This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to

software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with these subjects only. Like its predecessors in the 300 series, "308 Circuits" covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi.
