Chemical engineers face the challenge of learning the difficult concept and application of entropy and the 2nd Law of Thermodynamics. By following a visual approach and offering qualitative discussions of the role of molecular interactions, Koretsky helps them understand and visualize thermodynamics. Highlighted examples show how the material is applied in the real world. Expanded coverage includes biological content and examples, the Equation of State approach for both liquid and vapor phases in VLE, and the practical side of the 2nd Law. Engineers will then be able to use this resource as the basis for more advanced concepts.

Moody's International Manual Haynes Manuals N. America, Incorporated

Inhaltsangabe: Einleitung: Der vertriebliche Auftritt am POS spielt in der Automobilbranche die Rolle eines zentralen Parameters der Markenführung. Es galt, die Komplexität von Modell-Neueinführungen und deren strukturierte Abläufe sowie Aktivitäten und die damit verbundenen importeurseitigen Vorgaben und Richtlinien zu überprüfern. Welches Instrumentarium könnte bei einer Vereinheitlichung des Händler-Auftritts bei Modell-Neueinführungen helfen, und welche Vorteile würde dieses für die Marke Mazda und die einzelnen Händler mit sich bringen? Diese Fragestellung war das Kernthema der Diplomarbeit, auf die gezielt eingegangen wurde. Es galt, eine Konzeption zu erstellen, die vertrieblichen Auftritte am POS und deren Komplexität näher zu beleuchten, analysieren und in einem weiteren Schritt standardisieren. Uneinheitliche Kommunikationsmaßnahmen führen in der Regel zu uneinheitlichen Marktauftritten und zu einer Irritation bei den Konsumenten und einer Schädigung der Marke. Händlerstandards sind eine Notwendigkeit, wohl auch, um eine Durchsetzung von herstellerdominierten Markenwerten zu ermöglichen. Es wurde gezeigt, dass ein Corporate Identity-Konzept sich nicht ideal für die Standardisierung von Neueinführungen eignet. Entsprechend der Zielsetzung der Arbeit wurde ein Konzept für die Mazda Austria GmbH entwickelt, das eine schrittweise Vereinheitlichung von Modell-

Neueinführungen bei den 150 österreichischen Betrieben gewährleisten soll. Die Idee eines Corporate Launch Manuals wurde geboren und deren Inhalte erstellt. Es wurde ein Modell-Neueinführungsleitfaden entwickelt, dessen Struktur sich in drei Hauptbereiche untergliedert. Im ersten Teil wurden das Erscheinungsbild, die Kommunikation und das Verhalten des Händlerbetriebes beschrieben. Der Hauptteil beschäftigt sich mit den Phasen der Planung, der Vorbereitung, der Einführung bis zur Nachbearbeitung einer Modell-Neueinführung. Es galt, einen möglichen Weg zu einer erfolgreichen Einführung aufzuzeigen. Es wurden sowohl die Struktur als auch die genauen Inhalte beschrieben. Der dritte Teil zeigt die unterstützenden Maßnahmen, die seitens Mazda Austria zur Verfügung gestellt werden sollten, und beinhaltet eine transparente Zeitplanung, sowie diverse Checklisten und andere unterstützende Arbeitsmaterialien. Mit der Erstellung des gesamten Leitfadens und der Empfehlungen für die Implementierung und die Weiterführung wurde der Mazda Austria GmbH ein möglicher Weg zur Verbesserung einer [...]
