Mazda RX-7 1978-1991

New edition of the definitive international history of Mazda's extraordinarily successful Wankel-engined coupes & roadsters right up to the end of production and the introduction of the RX-8. This book gives advice on buying your own RX-7, and covers the RX-7 in motorsport, as well as listing production figures. Mazda launched its first rotary-engined car - the Cosmo - in 1966 and was the only car manufacturer to solve the major problems associated with Wankel's radical engine design so that the unit's potential could be exploited and enjoyed. Launched in 1978, the RX-7 provided effortless and uncannily smooth performance, attributes that endeared the model to enthusiasts through three generations of production. With each reincarnation the RX-7 became more of a Grand Tourer and less of a sportscar (a mantle handed on to the MX-5/Miata); global sales reduced as the

car moved upmarket until, in the new millennium, the model was only sold in its native Japan. Heavily illustrated with good quality colour photographs, this book provides an in-depth insight into this amazing production automobile. "A must have for any RX7 enthusiast."

Mazda RX-7

The definitive history of the successful and amazingly long-lived RX-7 from launch in 1978 to the millennium and beyond. Mazda's boldness in using Felix Wankel's engine design--and solving the associated problems--imbued the RX-7 with huge driver appeal, so much so that close to half a million cars had been sold by 1986 ... Colour throughout.

Mazda RX-7

Ride once again with the author, Rod Koch, and share his adventures as he struggles to gain another victory in the epic Baja 1000. His first autobiography, *7 Years from Start to Finish*, covered the early years of the Baja races from 1968-1975, up to the moment when the author became a first place winner in that incredible endurance race down and around the Baja California peninsula. When the Green Flag Drops continues those adventures in off-road racing through the 1980s not just in Baja, but back in the U. S. A. with events like the Parker 400, Casinos 350, Mint 400 and the Riverside Off-Road Championships. The author then makes the transition into the intensity of the Pro-Rally race scene, bringing the reader along with him as he takes on some of the best and fastest off-road and performance rally drivers in North America.

The action streaks across the High Sierras from San Francisco to Reno, from Las Vegas to Laughlin, Nevada, from Carson City to Virginia City to Yerington, through the rain, mud, snow, even the heat of the Mojave Desert near Palm Springs and east of Indio, wherever the dirt mountain and desert roads of the performance and Pro-Rally circuit goes. You are there with the author in the co-driver's seat for what may be the ride of your life—if you dare.
