Physical Science - mheducation.com

Physical Sciences investigate physical and chemical phenomena. This is done through scientific enquiry and the application of scientific models, theories and laws in order to explain and predict events in the physical environment. Practical work in the Physical Sciences must be integrated with theory to strengthen the concepts being taught. These

Mr.E Science Physical Home

Physical Science is broken into 3 main units: Astronomy, Chemistry and Physics. The best advice I can give to you is to budget your time properly, don't wait until the last minute (the night before) to get your work done. Coordinate all your classes and the homework required. It will be easy to fall behind and difficult to catch up.
