Covers basic operations through more complex activities for both the Casio FX-260 calculator and longhand problems. Announcing the ultimate GED test review series For the nearly one million North Americans who take the GED exam every year, readiness is a key ingredient for success. McGraw-Hill's GED Test series, which reflects the new 2002 test guidelines, is dedicated to preparing students to pass each of the five GED subject exams. This focused format allows students to pretest for strengths and weaknesses in a given subject, thoroughly review core content areas, and finally check their exam-readiness with a full-length posttest in GED format. A complete answer key, which explains why each answer is correct and test-taking strategies, increases the odds of success.
