Strategic Corporate Finance McGraw-Hill Education

The best-selling Fundamentals of Corporate Finance (FCF) has three basic themes that are the central focus of the book: 1) An emphasis on intuition—the authors separate and explain the principles at work on a common sense, intuitive level before launching into any specifics. 2) A unified valuation approach—net present value (NPV) is treated as the basic concept underlying corporate finance. 3) A managerial focus—the authors emphasize the role of the financial manager as decision maker, and they stress the need for managerial input and judgment. The Tenth Edition continues the tradition of excellence that has earned Fundamentals of Corporate Finance its status as market leader. Every chapter has been updated to provide the most current examples that reflect corporate finance in today's world. The supplements package has been updated and improved, and with the enhanced Connect Finance and Excel Master, student and instructor support has never been stronger. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Analysis for Financial Management McGraw-Hill Education

Corporate Finance, by Ross, Westerfield, and Jaffe emphasizes the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The Tenth Edition includes many exciting new research findings as well as an enhanced Connect Finance, now with even more student learning resources. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

FOCUS ON PERSONAL FINANCE McGraw-Hill Education

Essential guidance for the corporate finance professional — advisor, Board Director, CFO, Treasurer, business development executive, or M&A expert—to ask the right questions and make the critical decisions. Strategic Corporate Finance is a practical guide to the key issues, their context, and their solutions. From performance measurement and capital planning to risk management and capital structure, Strategic Corporate Finance, translates principles of corporate finance theory into practical methods for implementing them. Filled with in-depth insights, expert advice, and detailed case studies, Strategic Corporate Finance will prepare you for the issues involved in raising, allocating and managing capital, and its associated risks. Justin Pettit (New York, NY) draws on his 15 years of senior advisory experience as an investment banker and management consultant. He advises corporate boards and executives on matters of capital structure, financial policy, valuation, and strategy. He also lectures on topics in advanced corporate finance to graduate and undergraduate students at universities in the New York area.

Personal Finance McGraw-Hill Education

The approach used by Hoyle, Schaefer, and Doupnik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards.
