"Fundamental Managerial  
Accounting Concepts" 4e by  
Edmonds/Edmonds/Tsay/Olds  
focuses on concepts that are  
isolated and introduced in a  
logical sequence. The authors  
intentionally limit the scope of  
the material to help students  
build a solid foundation of the  
most important concepts in  
managerial accounting.

"Fundamental Managerial  
Accounting Concepts" 4e is  
organized in a distinctive way,

particularly in the first six  
chapters. The objective is to  
establish a coherent, integrative  
framework that enables students  
to build knowledge in stepwise  
fashion. The authors' goal is for  
students to understand the  
underlying principles of  
accounting, not just memorize  
content.

has helped guide close to 3 million students through managerial accounting since it was first published. Garrison's

Managerial Accounting is known for its relevance, accuracy, and clarity.
