Each section has important topics that are part of the MBA CAT exam syllabus 2021. Following the syllabus of last year's CAT 2020, one can determine that the first section includes questions from VARC, followed by DILR, QA. Topics that are part of the CAT 2021 syllabus typically come from students in school from class 9 to class 12.

Answer Key For Algebra Nation - myexamsite.com

Calculation. If the population mean and population standard deviation are known, a raw score x is converted into a standard score by $z = \frac{x - \mu}{\sigma}$ where: μ is the mean of the population. σ is the standard deviation of the population.. The absolute value of z represents the distance between that raw score x and the population mean in units of the standard deviation. z is negative when the raw score is ...
