LabConnection provides powerful computer-based exercises, simulations, and demonstrations for hands-on skills courses such as this. It can be used as both a virtual lab and homework assignment tool, and provides automatic grading. LabConnection maps directly to the textbook and provides remediation to the text and to the 70-680 exam objectives. Features: Enhanced Comprehension: Through the LabConnection labs and guidance, while in the virtual lab environment, the student develops skills that are accurate and consistently effective. Exercises: Includes dozens of exercises that assess and prepare the learner for the virtual labs, establishing and solidifying the skills and knowledge required to complete the lab. Virtual Labs: Labs consist of end-to-end

procedures performed in a simulated environment where the student can practice the skills required of professionals. Guided Learning: LabConnection allows learners to make mistakes but alerts them to errors made before they can move on to the next step, sometimes offering demonstration as well. Video demonstrations: Instructor-led video demonstrations guide the learners step by step through the labs while providing additional insights to solidify the concepts. SCORM Compliant Grading and Record Keeping: LabConnection will grade the exercises and record the completion status of the lab Portion, easily porting to and compatible with distance learning platforms.
