I've tried doing that, and I can't find Analog Lab 4 anywhere. I also read that if you have the
64bit version of Ableton, you need the 64bit version of Analog Lab 4. I've tried uninstalling
and reinstalling Analog Lab 4, but I can't figure out if it's 64bit or 32bit, or how to change it.
None of this makes any sense to me.
