This is why you remain in the best website to see the amazing book to have.

Sex Money Kiss powerHouse Books
Written with the verve of such works as The Big Short, The History of the Future, and The Spider Network, here is the fascinating, true story of the rise of Ethereum, the second-biggest digital asset in the world, the growth of cryptocurrency, and the future of the internet as we know it. Everyone has heard of Bitcoin, but few know about the second largest cryptocurrency, Ethereum, which has been heralded as the "next internet." The story of Ethereum begins with Vitalik Buterin, a supremely gifted nineteen-year-old autodidact who saw the promise of blockchain when the technology was in its earliest stages. He convinced a crack group of coders to join him in his quest to make a super-charged, global computer. The Infinite Machine introduces Vitalik ' s ingenious idea and

unfolds Ethereum ' s chaotic beginnings. It then explores the brilliant innovation and reckless greed the platform—an infinitely adaptable foundation for experimentation and new applications—has unleashed and the consequences that resulted as the frenzy surrounding it grew: increased regulatory scrutiny, incipient Wall Street interest, and the founding team ' s effort to get the Ethereum platform to scale so it can eventually be accessible to the masses. Financial journalist and cryptocurrency expert Camila Russo details the wild and often hapless adventures of a team of hippy-anarchists, reluctantly led by an ambivalent visionary, and lays out how this new foundation for the internet will spur both transformation and fraud—turning some into millionaires and others into felons—and revolutionize our ideas about money.

Built from Scratch Rowman & Littlefield

This a composition on the irony of religion through mathematics and why the world isn't what you are told to believe. Through the use of the Bible and the internet as sources to confirm what you are being told in this book, you will be awakened to the truth. You will find out why Christianity is not what we have been told over the past two thousand years. While this work may be an eye-opener, it's

intended to strengthen your faith in our Creator.

Ignite Me Bloomsbury Publishing USA

Inside secure command centers, military officials make life and death decisions-- but the Pentagon also offers food courts, banks, drugstores, florists, and chocolate shops. It is rather symbolic of the way that the U.S. military has become our one-stop-shopping solution to global problems. Brooks traces this seismic shift in how America wages war, and provides a rallying cry for action as we undermine the values and rules that keep our world from sliding toward chaos.

Bury My Heart at Wounded Knee David Goggins

A captivating and fanatically thorough reevaluation of Marshall's life and times.

How Everything Became War and the Military Became Everything Penguin

Helps business leaders train and motivate their employees, instilling them with the skills and confidence they need and ensuring that the company excels into the future.

The Official US Army Fitness

Handbook: Physical Readiness Training - Current, Full-Size Edition Simon and Schuster

Gene Simmons mega-rock star, businessman, marketing genius and self-proclaimed free spirit follows up his best-selling books *Kiss And Make-Up* and *Sex Money Kiss with Ladies of the Night*, an examination of the history of prostitution. Simmons makes the case that men have been stepping out on women since the beginning of time, and that the practice is not about to stop. For that reason alone, Simmons argues that prostitution should be legalized. He argues that prostitution is a victimless crime that could be made safe and become a large source of tax revenues. Simmons, who has never used a lady of the night, believes no one should have

to pay for sex, whether it is through prostitutes or marriage. Regardless of where you stand on the issue, Simmons' book is an arresting, informative, humorous and outrageous exploration of the world's oldest profession, drawing on human nature, history, science and public policy.

Belief in Symbolism W. W. Norton & Company

Me, Inc. features a black simulated-leather cover with gold foil stamping and a black ribbon bookmark. The fact that KISS is one of the most successful rock bands in the world is no accident. From the beginning Gene Simmons and Paul Stanley had a clear-cut vision of what they wanted to do and how they wanted to operate KISS as a business well before they ever first took the stage. Since deciding with Paul to manage the band themselves, Simmons has proved himself to be a formidable businessman, having sold over 100 million CDs and DVDs worldwide, overseen over 3,000 licensed merchandise items, and starred in the longest running celebrity reality show to date. More impressive is that he handles all of his business ventures on his own—no personal assistant, few handlers, and as little red tape as possible. In *Me, Inc.*, Simmons shares a lifetime of field-tested and hard-won business advice that will provide readers with the tools needed to build a solid business strategy, harness the countless tools available in the digital age, network like hell, and be the architect for the business entity that is you. Inspired by *The Art of War*, the book dispenses Simmons' in-depth

insights via thirteen specific principles for success based on his own experience, triumphs, and instructional failures in business—from finding the confidence within yourself that's necessary to get started, to surrounding yourself with the right people to partner with and learn from, to knowing when to pull the plug and when to double-down. These thirteen principles are a skeleton key into a world of success, freedom, peace of mind and, most importantly, financial success.

The No Bullshit Guide to Military Life Emerald Group Publishing

You wanted the truth, you got the truth—the hottest book in the world! Fueled by an explosive mix of makeup, costumes, and attitude, KISS burst onto the music scene thirty years ago and has become a rock institution. The band has sold more than eighty million records, has broken every concert attendance record set by Elvis Presley and the Beatles, stands behind the Beatles alone in number of gold records from any group in history, and has spawned more than 2,500 licenses. There would have been no KISS without Gene Simmons, the outrageous star whose superlong tongue, legendary sexual exploits, and demonic makeup have made him a rock icon. *KISS and Make-Up* is the wild, shocking, unbelievable story, from the man himself, about how an immigrant boy from Israel studied to be a rabbi, was saved by rock and roll, and became one of the most notorious rock stars the world has ever seen. Before Gene Simmons there was Chaim Witz, a boy from Haifa, Israel, who had no inkling of the life that lay ahead of him. In vivid detail Gene recounts his childhood growing up in Haifa under the watchful eye of his beloved, strong-willed mother, a concentration camp survivor; his adolescent years attending a Jewish theological center for rabbinical studies in Brooklyn; his love of all things American, including comic books, superheroes, and cowboys; and his early fascination with girls

and sex, which prompted him to start a rock band in school after he saw the Beatles on The Ed Sullivan Show. *KISS and Make-Up* is not just the classic story of achieving the American dream through the eyes of an immigrant boy making good, but a juicy, rollicking rock and roll read that takes you along for the ride of your life with KISS, from the 1970s, when they were the biggest band in the world, through the '80s, when they took off their world-famous war paint, and into the '90s, when they came back bigger and badder than ever to become the number one touring band in the world. In his own irreverent, unapologetic voice, Gene talks about the girls (4,600 of them and counting); his tight bond with KISS cofounder Paul Stanley; the struggles he and Paul had with Ace Frehley and Peter Criss and their departures from the group; the new band members and Eric Carr's untimely death; the enormous love and affection he has for the people who put him there in the first place—the KISS Army and the ever-loyal KISS fans around the world; his love life, including stories about his relationships with Cher and Diana Ross and with Shannon Tweed, Playmate of the Year, mother of his son and daughter, and his companion of eighteen years; and much more. Full of dozens of photographs, many never-before-seen pictures from Gene's private collection, *KISS and Make-Up* is a surprising, intimate look at the man behind the mask. For the first time Gene reveals all the facets of his complex personality—son, rock star, actor, record producer, businessman, ladies' man, devoted father, and now author.

Army of None: Autonomous Weapons and the Future of War Government Printing Office

A Union regiment marches aboard a

transport ship only to be buffeted through space and time and shipwrecked in an alien land, where these Civil War soldiers introduce unheard-of ideas of freedom, equality, and democracy

Thank You for My Service Houghton Mifflin

Getting the Message Through, the companion volume to Rebecca Robbins Raines' Signal Corps, traces the evolution of the corps from the appointment of the first signal officer on the eve of the Civil War, through its stages of growth and change, to its service in Operation DESERT SHIELD/DESERT STORM.

Raines highlights not only the increasingly specialized nature of warfare and the rise of sophisticated communications technology, but also such diverse missions as weather reporting and military aviation. Information dominance in the form of superior communications is considered to be sine qua non to modern warfare. As Raines ably shows, the Signal Corps--once considered by some Army officers to be of little or no military value--and the communications it provides have become integral to all aspects of military operations on modern digitized battlefields. The volume is an invaluable reference source for anyone interested in the institutional history of the branch.

Getting the message through: A Branch History of the U.S. Army Signal Corps
Penguin

Entrepreneurialism and Society invigorates academic research by developing new perspectives on how entrepreneurs and their organizations shape our social world.

27 Me, Inc.

Combat-decorated Marine officer Stuart Scheller speaks out against the debacle of the Afghan pullout as the culmination

of a decades-long and still-ongoing betrayal of military members by top leadership, from generals to the commander in chief, comes to light. Lieutenant Colonel Stuart Scheller was the perfect Marine. Battle tested. A leader. Decorated for valor. Yet when the United States acted like the Keystone Cops in a panicked haphazard exit from Afghanistan for political reasons, Scheller spoke out, and the generals lashed out. In fact, they jailed him to keep him quiet, claiming he lost the "trust and confidence" bestowed upon him by the Marines. When the faith and trust is exactly what our generals and even our commander-in-chief betrayed by exercising such reckless and derelict policies. Now Scheller is free from the shackles of the Marine Corps and can speak his mind. And in Crisis of Command, that he does. He holds our generals' feet to the fire. The same generals who play frivolously with the lives of our service men and women for political gain. The same general who lied to political leaders to further their own agendas and careers. Stuart Scheller is here to say that the buck stops here. Accountability starts now. It's time to demand accountability and stand up for our military. In this book, Stuart Scheller shows us how.

Ghast the Supervillain (Book One) Page Publishing Inc

The international bestselling author of the Broken Empire and the Red Queen's War trilogies begins a stunning epic fantasy series about a secretive order of holy warriors... At the Convent of Sweet Mercy, young girls are raised to be killers. In some few children the old bloods show, gifting rare talents that can be honed to deadly or

mystic effect. But even the mistresses of sword and shadow don't truly understand what they have purchased when Nona Grey is brought to their halls. A bloodstained child of nine falsely accused of murder, guilty of worse, Nona is stolen from the shadow of the noose. It takes ten years to educate a Red Sister in the ways of blade and fist, but under Abbess Glass's care there is much more to learn than the arts of death. Among her class Nona finds a new family—and new enemies. Despite the security and isolation of the convent, Nona's secret and violent past finds her out, drawing with it the tangled politics of a crumbling empire. Her arrival sparks old feuds to life, igniting vicious struggles within the church and even drawing the eye of the emperor himself. Beneath a dying sun, Nona Grey must master her inner demons, then loose them on those who stand in her way.

Focus On: 100 Most Popular American Male Guitarists Harper Collins

Ben Horowitz, a leading venture capitalist, modern management expert, and New York Times bestselling author, combines lessons both from history and from modern organizational practice with practical and often surprising advice to help executives build cultures that can weather both good and bad times. Ben Horowitz has long been fascinated by history, and particularly by how people behave differently than you'd expect. The time and circumstances in which they were raised often shapes them—yet a few leaders have managed to shape their times. In *What You Do Is Who You Are*, he turns his attention to a question crucial to every organization: how do you create and sustain the culture you want? To Horowitz, culture is how a company makes decisions. It is the set of assumptions employees use to resolve everyday problems: should I stay at the Red Roof Inn, or the Four Seasons? Should we discuss the color of this product for five minutes or thirty hours? If culture is not purposeful, it will be an accident or a mistake. *What You Do Is Who You Are* explains how to make your culture purposeful by spotlighting four models of leadership and culture-building—the leader of the only successful slave revolt, Haiti's Toussaint Louverture; the Samurai, who ruled Japan for seven hundred years and shaped modern Japanese culture; Genghis Khan, who built the world's largest empire; and Shaka Senghor, a man convicted of murder who ran the most formidable prison gang in the yard and ultimately transformed prison culture. Horowitz connects these leadership examples to modern case-studies, including how

Louverture's cultural techniques were applied (or should have been) by Reed Hastings at Netflix, Travis Kalanick at Uber, and Hillary Clinton, and how Genghis Khan's vision of cultural inclusiveness has parallels in the work of Don Thompson, the first African-American CEO of McDonalds, and of Maggie Wilderotter, the CEO who led Frontier Communications. Horowitz then offers guidance to help any company understand its own strategy and build a successful culture. What You Do Is Who You Are is a journey through culture, from ancient to modern. Along the way, it answers a question fundamental to any organization: who are we? How do people talk about us when we're not around? How do we treat our customers? Are we there for people in a pinch? Can we be trusted? Who you are is not the values you list on the wall. It's not what you say in company-wide meeting. It's not your marketing campaign. It's not even what you believe. Who you are is what you do. This book aims to help you do the things you need to become the kind of leader you want to be—and others want to follow.

Black Like Me Open Road Media
New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare - poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring

Outside magazine to name him The Fittest (Real) Man in America. In this curse-word-free edition of Can't Hurt Me, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.

What You Do Is Who You Are e-artnow sro
From New York Times bestselling author Robert Venditti comes the second book in the Miles Taylor and the Golden Cape series, about an eighth grader who finds himself unexpectedly thrust into the role of real-life superhero. His latest mission: to defeat an army of robots designed to destroy him! Master the golden cape. Been there. Save the world from an alien invasion. Done that. Dominate the eighth grade. Keep dreaming. Battle an army of super-deadly robots designed to destroy you. Sure didn't see that one coming. After a summer of fighting crime as Gilded, the world's only superhero, Miles Taylor is bummed to learn that nothing has changed for him at Chapman Middle School. He is still the primary target of the Jammer's bullying. And Josie, the girl of his dreams, has put him squarely in the friend zone. Miles starts spending more and more time as Gilded, neglecting his schoolwork and his friends. His bad attitude lands him and his best friend, Henry, in a military compound, at the mercy of the power-crazed General Breckenridge. When the general steals the golden cape, Miles finds himself back at square one with no superpowers...and no hope of escape. On the verge of losing everything—and everyone—he cares about, Miles must discover the hero within himself before the general puts his evil plans into action.
