Medical Skills .
Medical assistants
are not doctors or
nurses but must
provide simple
medical and
nursing care under
the direction of
doctors. You'll be
asked to administer
medications, give
injections, apply
dressings, draw
blood, secure blood
and urine samples,
remove sutures,
perform EKGs, and
convey information
and relay questions

from doctors to
patients and vice-
versa.

These tests include, but aren't limited to, reading comprehension, basic math, attention to detail, communication skills, and verbal ability. Healthcare practices use Staff Testing Inc.'s pre employment healthcare tests to improve hiring decisions. Our employee assessment tests are among the leading psychometric systems for screening employees.

The Medical Assistant test has 3 categories. The general category consists of questions about psychology, communication, professionalism, medical ethics, and medical terminology. The administrative category consists of medical reception, scheduling appointments, practice finances, and medical business practices.
