Designed as a quick reference for students and medical office staff, **BREAKING THE LANGUAGE BARRIER: SPANISH TERMS AND PHRASES FOR MEDICAL PERSONNEL** provides key medical terminology that makes it easier to communicate with the Spanish-speaking patient. This is more than an English-Spanish translation dictionary, content includes bilingual information for greeting and scheduling, patient registration, intake and examinations, insurance and billing, referrals, protected health information, infection control, durable medical equipment, lab tests and special procedures, and health education all in a convenient guide that can fit in a pocket! Full-color anatomical illustrations, labeled in Spanish and English, serve as a handy reference to help patients communicate their needs and concerns. Chapters open with an alphabetical list of common medical terms in English accompanied by Spanish translations. The chapters then address topic-related questions and phrases most commonly experienced by medical personnel when communicating with the patient. Color-coded tabs identify the four main units of the guide for quick and easy access. Understanding ICD-10-CM and ICD-10-PCS: A Worktext, 2021 Cengage Learning

This third edition is the most comprehensive and dynamic learning package on the market for Medical Assisting. It boasts the most skills and procedures covered and includes key areas either not found or lightly touched on in other books such as: History of Medicine, Professional Procedures, coverage of OSHA and CLIA, and transcription. All ABHES and CAAHEP competencies are covered. The new edition maps to the latest CAAHEP Standards and Guidelines for Medical Assisting Educational programs and the ABHES Program Requirements and Curriculum. **Comprehensive Medical Assisting: Administrative and Clinical Competencies** provides more opportunity for critical thinking through case studies, critical thinking questions, scenarios, and features tying to both of Delmar's Medical Assisting DVD series. The book also emphasizes softer skills such as professionalism and practical skills including how to comply with HIPAA regulations and deal with privacy issues on the job. Delmar is a part of Cengage Learning. **The Elements of Medical Terminology** Cengage Learning

Introduction to Health Care Management is a concise, reader-friendly, introductory healthcare management book that covers a wide variety of healthcare settings, from hospitals to nursing homes and clinics. Filled with examples to engage the reader's imagination, the important issues in healthcare management, such as ethics, cost management, strategic planning and marketing, information technology, and human resources, are all thoroughly covered. Guidelines and rubrics along with numerous case studies make this text both student-friendly and teacher friendly. It is the perfect resource for students of healthcare management, nursing, allied health, business administration, pharmacy, occupational therapy, public administration, and public health. " Drs. Buchbinder and Shanks have done a masterful job in selecting topics and authors and putting them together in a meaningful and coherent manner. Each chapter of the book is designed to give the student the core content that must become part of the repertoire of each and every healthcare manager, whether entry level or senior executive. Each of the chapters and accompanying cases serve to bring to life what it means to be a truly competent healthcare manager. " —Leonard H. Friedman, PhD, MPA, MPH, Professor, Dept of Health Services Management and Leadership, and Director of the Master of Health Services

Administration program, George Washington University, School of Public Health and Health Services “ I am very happy with Health Care Management and will be adopting it for a new course that I will be teaching. This is probably the best management text I have seen so far. I was thrilled to receive it. ” —Sally K.

Fauchald, PhD, RN, Assistant Professor of Nursing, The College of St. Scholastica “ A solid text that covers a wide range of management topics. ” —Michael H. Sullivan, Director HCA Program, Methodist University, Fayetteville, North Carolina
