The compressor is the heart of an auto's air conditioning system, circulating the refrigerant that is vital to proper operation. It's a precision machine, with critical internal tolerances as fine as those of any racing engine. DENSO's high reliability is why John Deere has used DENSO heavy duty A/C compressors in their equipment for over 30 years.  
**Truck classification - Wikipedia**  
Trucks are also classified more broadly by the Federal Highway Administration (FHWA), which groups classes 1–2 as light duty, 3–6 as medium duty, and 7–8 as heavy duty; a commercial driver's license (CDL) is generally required to operate heavy duty trucks.
