FINALIST!~*~*~Settle yourself in for a wicked bed time story, a hot, wild ride through nursery rhymes like you've never heard them before. Set in a fantastical world where the privileged few own and raise sex slaves like beloved pets, Mother herself is the star of the show, wielding a riding crop and taking care of and training her young charges with a firm and skillful hand. But where has Father Goose wandered off to, and who will take Mother in hand when she ventures too far?-----Warnings: This title contains erotic situations, graphic language, sex, spanking, elements of bdsm, and a perspective on nursery rhymes you'll never forget!-----EXCERPT: " Peep! " The voice shook the room and the startled girl looked up as Mother came in. " Do you know where your sheep are now? " " No, Mother. " The girl looked up from her position, kneeling on the floor, her blue eyes wide. " I penned them before I left, I swear it. " Mother Goose came toward her, the high heels of her soft boots clicking on the floor. She squatted down before Peep, whose hands were bound behind her to her feet with pink satin sashes. " You are a pretty little one, " Mother said, lifting the girl's chin and studying her face. Mother's eyes moved over the girl's body, the pink and white corset drawn tight, her blonde curls spilling over her shoulders, partially hiding Peep's rosy little nipples.
" Sometimes I think you're just playing dumb. " " No, Mother, " Peep implored, shaking her head. " I penned them, I promise you. " " Is that so? " Mother asked, standing again. Peep looked up

Mother's long legs, encased in black fishnet stockings and garters, the dark triangle between her legs exposed, as it always was, for easy access.Mother had taken to wearing in the air as much as she could with her feet black since Father had crossed over, and her mood was ever changeable, but lately she seemed often cross and hard to please. Mother tapped her toe in front of Peep's knee, folding her arms over her ample breasts that were pushed up high in her black corset, but covered with the sheer, lace peignoir that she always wore, unbuttoned to the floor. " Mother, please, " Peep pleaded. " I will go tend them, if you let me. " Mother walked over to the cabinet and the girl moaned, the sound caught halfway between regret and anticipation. " I think we need a little correction, don't you? " Mother's voice drifted over her shoulder as she chose a small cat o'nine tails from her collection. " Please, " Peep pleaded again, her eyes downcast. " I'll be a good girl. " " Yes, " Mother murmured, coming to caress the her cheek with her soft hand. " You will. " Mother reached behind the girl and began untying the pink satin ribbon that bound her. Peep sighed in relief, rolling her tired shoulders once her arms were free. She leaned forward onto her hands and knees as Mother began to untie her feet, but then the older woman stopped. " No... this is good, " Mother said, tightening the sashes at the girl's ankles, chuckling. " Turn around, Little Bo Peep, who's lost her sheep, and doesn't know were to find them. " Peep did as she was told, turning her face toward the wall on her hands and knees, using her hands to slowly work herself around. She felt Mother's hand caressing her ass, and she shivered, looking back over her shoulder at the older woman. Mother was squatting down behind her, beginning to drip the many straps of the cat o'nine tails over Peep's behind like a little leather waterfall. " Peep's little puss, " Mother whispered, parting the dark blonde fuzz with her fingers to peer in at the pink treasure. " I love peeping at Peep's little

puss. " Mother giggled, wiggling her fingers through and finding the girl's clit. " Oh, Mother! " Peep moaned, lifting her bottom in the air as much as she could with her feet tied together at the ankles.

Henry's in trouble. He's gone from being a big fish in a little pond in his home town to being a very small fish in a much bigger pond at college, and he's just not keeping up. Instead of passing him through his classes because of his athletic ability like they did in high school, he discovers his professors actually mean it when they say he needs to do the work or he's going to fail his classes—and be kicked off the all-star hockey team. Adjusting to life at university sure isn't as easy or fun as he thought it was going to be—his roommate likes the same girl he does, and it looks like she likes him, too; he's failing English for sure and the dragon-lady who teaches the class seems to have a personal vendetta against him; and his hockey coach has even gone so far as to bench him! When his parents hire him a tutor, he turns to this angel of mercy for help, but little does he realize that Mrs. Toni Franklin is going to complicate his life in ways he never could have foreseen...-----Warning: This title contains erotic situations, graphic language, sex, and a sex toy and masturbation scene that you have to read to believe!-----IF YOU LIKED BAUMGARTNER GENERATIONS: HENRY, you may want to have more fun with this family! A Baumgartner Christmas by Selena Kitt The Baumgartners Plus One by Selena Kitt Babysitting the Baumgartners by Selena Kitt A Baumgartner Reunion by Selena Kitt Baumgartner Generations: Janie by Selena Kitt Letters to the Baumgartners Meet the Baumgartners by Selena Kitt-----EXCERPT: “ Toni, ” he whispered, nudging her with his knee. “ Shhh. ” Her hand pressed against his thigh, squeezing. “ Watch the movie. ” He tried. He really did. But she didn't move her hand away. Instead she began inching it slowly upward and he held his breath, his eyes half-closed and glazed over. He didn't know how long it took for her to reach his crotch. Half an hour? An hour? It was an agonizingly slow progression, but he didn't dare move. On the screen, Brando and the girl had found a myriad of ways to have sex, only making things worse off-screen. Henry was so turned on he thought he just might come in his pants when he felt her long, red fingernails graze over his erection through his jeans. When he pressed his hips up toward her hand, he heard her swallow, her palm resting now against his zipper. Her face was turned toward the screen, as if the movie and whatever Brando was doing with a stick of butter was the most interesting thing she'd ever seen, but she was exploring the outline of his cock with her fingers in the dark. He wanted to touch her, too, but he didn't want to break the spell they

were under, was too afraid she would stop, say no. He let out a soft cry when she rubbed her thumb over the head of his dick through the denim. She shifted in her seat, crossing and uncrossing her legs, and he could hear her breath coming faster, almost as fast as his. He let his knees fall further open, feeling her thigh brush his. Her sweet, bare leg. He glanced down and saw that her skirt was up, far up over her knees, up the long, slim expanse of her thigh. She was too sexy for words. His eyes searched for her hemline, but it just kept going up and up, the folds of her skirt finally tucked into the V of her crotch. It was then that he realized where her other hand was. The thought of her touching herself, right there next to him in the dark, made his cock swell in response. He slowly covered her hand, the one cupping his erection, with his own. She whimpered when he did that and he saw her close her eyes as he rocked up against her, with her. Then she searched for and found his zipper. She inched it down, not even unsnapping his jeans, just sliding her hand into the opening to feel him through his boxers.

"I've never been anyone's secretary."He shook his head, smiling. "Irrelevant. You have what I need.""I... do?" She met his eyes, her breath coming a little faster as she squirmed in her seat. His eyes were dark, moving over her, and she couldn't help remembering the incident in the bathroom."I need someone who can follow orders." He leaned back in his chair again and she could see the memory of yesterday in his eyes. "Who would be willing to do whatever I asked. You showed me yesterday that you are... quite willing."Heidi swallowed, pressing her damp palms to her shorts. "I'm not sure I know what you mean?""Yes, you do." His eyes were smiling. "I compensate very well. You would be my assistant, answering my calls, handing my correspondence and taking care of my professional and personal needs during the day. Would you be interested in such an arrangement?"It wasn't the promise of money or the poshness of his office, or even the fact that he was the head of one of the richest fashion companies in the world -- it was the way he looked at her, with nothing concealed or disguised. His eyes saw directly through her, and there was no smugness in the way it appeared as if he had her figured out, because he had. They both knew it, and there was only one answer she could give him."Yes." She squeezed her hands together, her legs, too. "Sir."He gave her a nod. "Good. I think we'll both be satisfied with the arrangement."Opening the top drawer of his desk, he withdrew a large white envelope and slid it across the blotter. Heidi didn't know if she should take it or not, so she kept her hands clasped, just looking from him to the envelope."This contains general information about Kaiser, which you have already, of course, since you are essentially already in my employ," he explained. "There is also a contract and information about duties as well as your salary and benefits."She nodded, looking at his hand, the buffed, square nails, resting on the stark envelope. Her bottom tingled, remembering how red his palm had been after he spanked her. Shifting in her seat, she crossed one knee over the other, trying to make herself more comfortable with the yearning ache between her legs."If, for some reason, you read those over and change your mind..." He nodded toward the envelope. "You simply need to tell me, and you will consequently stay in your current position.""I can't imagine why I would object.""No." He smiled. "I don't imagine you will. In spite of the apparent haste of my offer, I actually choose my assistants quite carefully."Standing, he leaned his palms on the desk blotter, his eyes moving down the front of her t-shirt, looking at her hands in her lap. "Now, there is just the matter of your tardiness."Her heart leapt and she met his eyes, feeling faint. "My... tardiness?"Mr. Kaiser reached underneath the desk and Heidi heard the door behind her lock. The sound made her mouth go dry."One of the things that I cannot abide is lateness." He

reached down and unbuckled his belt. She felt faint as she watched it slipping through the loops of his pants.

Aside from the dramatic effects that the COVID-19 pandemic has had on the lives of people everywhere, it has also

triggered and accelerated some important process changes in healthcare. Digital health has become ever more important, supporting test strategies and contact tracing, statistical analysis, prognostic modeling, and vaccination roll-out and documentation. Video calls have become more common, and it seems likely that all these changes will continue to influence healthcare in the longer-term. This book presents the proceedings of dHealth 2021 – the 15th annual conference on Health Informatics Meets Digital Health – held as a virtual conference on 11 & 12 May 2021. The dHealth conference is where research and application meet as equals, and the conference series has been contributing to scientific exchange and networking since 2007. The 2021 edition is the second that has been organized virtually. Each year, this event attracts 300+ participants from academia, industry, government and healthcare organizations, and provides a platform for researchers, practitioners, decision makers and vendors to discuss innovative health informatics and dHealth solutions with the aim of improving the quality and efficiency of healthcare. The 24 papers included here offer an insight into the research on digital health conducted during the COVID-19 crisis, and topics include the management of infectious diseases, telehealth services, standardization and interoperability in healthcare, nursing informatics, data analytics, predictive modeling and digital tools for rare-disease research. The book provides new healthcare insights from both science and practice, and will be of interest to all those working in healthcare.
