**The Devil at Large** New Directions Publishing  
A Guest of the Reich is the incredible true story of Gertrude "Gertie" Legendre, an American heiress taken prisoner by the Nazis. Born into a wealthy family, Legendre lived a charmed life in Jazz Age America. But when the Japanese attacked Pearl Harbor, she joined the OSS—the wartime spy organization that preceded the CIA—and headed to Europe. In 1944, while on leave, Legendre accidentally crossed the front lines along the

Luxembourg–Germany border and was captured. The Nazis treated her as a "special prisoner" of the SS and moved her from city to city throughout Germany, where she witnessed the collapse of Hitler's Reich as no other American did, before escaping into Switzerland. A gripping portrait of a multifaceted and deeply fascinating woman, A Guest of the Reich is a propulsive account of a little-known chapter in the history of World War II.

Holocaust, Europe Against the Jews, 1880-1945 is the first book to move beyond Germany ' s singular crime to the collaboration of Europe as a whole. The Holocaust was perpetrated by the Germans, but it would not have been possible without the assistance of thousands of helpers in other countries: state officials, police, and civilians who eagerly supported the genocide. If we are to fully understand how and why the Holocaust happened, Götz Aly argues in this groundbreaking study, we must examine its prehistory throughout Europe. We must look at countries as far-flung as Romania and France, Russia and Greece, where, decades before the Nazis came to power, a deadly combination of envy, competition, nationalism, and social upheaval fueled a surge of anti-Semitism, creating the preconditions for the

deportations and murder to come. In the late nineteenth century, new opportunities for education and social advancement were opening up, and Jewish minorities took particular advantage of them, leading to widespread resentment. At the same time, newly created nation-states, especially in the east, were striving for ethnic homogeneity and national renewal, goals which they saw as inextricably linked. Drawing upon a wide range of previously unpublished sources, Aly traces the sequence of events that made persecution of Jews an increasingly acceptable European practice. Ultimately, the German architects of genocide found support for the Final Solution in nearly all the countries they occupied or were allied with. Without diminishing the guilt of German perpetrators, Aly documents the involvement of all of Europe in the

---

destruction of the Jews, once again deepening our understanding of this most tormented history.

*A Guest of the Reich* Farrar, Straus and Giroux Julie Manet, the niece of Edouard Manet and the daughter of the most famous female Impressionist artist, Berthe Morisot, was born in Paris on 14 November 1878 into a wealthy and cultured milieu at the height of the Impressionist era. Many young girls still confide their inner thoughts to diaries and it is hardly surprising that, with her mother giving all her encouragement, Julie would prove to be no exception to the rule. At the age of ten, Julie began writing her 'memoirs' but it wasn't until August 1893, at fourteen, that Julie began her diary in earnest: no neat leather-bound volume with lock and key but just untidy notes scribbled in old exercise books, often in pencil,

the presentation as spontaneous as its contents. Her extraordinary diary - newly translated here by an expert on Impressionism - reveals a vivid depiction of a vital period in France's cultural history seen through the youthful and precocious eyes of the youngest member of what was surely the most prominent artistic family of the time.

Julius Streicher Univ of California Press "This memoir conveys us back to Draitser's childhood and adolescence and provides a unique account of post-Holocaust life in Russia. We live side by side with young Draitser as he struggles to reconcile the harsh values of Soviet society with the values of his working-class Jewish family. Despite the waves of anti-Jewish campaigns, which swept over the country and climaxed

---

in the infamous "Doctors' Plot," we feel the Draitsers' loving family life - lively, evocative, and rich with humor. This intimate story ends with the death of Stalin and, through the author's anecdotes about his ancestors, presents a sweeping panorama of two centuries of Jewish history in Russia."--BOOK JACKET.

Memoirs of an Anti-Semite Basic Books

This work offers an incisive and damning look at the life and work of Julius Streicher, editor of *Der Sturmer*, the widely-read weekly newspaper devoted to arousing hatred against the Jews.

Night Memoirs of an Anti-Semite

Gregor von Rezzori was born in Czernowitz, a onetime provincial capital of the Austro-Hungarian Empire that was later to be absorbed successively into Romania, the USSR, and the Ukraine—a town that was everywhere and

nowhere, with a population of astonishing diversity. Growing up after World War I and the collapse of the empire, Rezzori lived in a twilight world suspended between the formalities of the old nineteenth-century order which had shaped his aristocratic parents and the innovations, uncertainties, and raw terror of the new century. The haunted atmosphere of this dying world is beautifully rendered in the pages of *The Snows of Yesteryear*. The book is a series of portraits—amused, fond, sometimes appalling—of Rezzori's family: his hysterical and histrionic mother, disappointed by marriage, destructively obsessed with her children's health and breeding; his father, a flinty reactionary, whose only real love was hunting; his haughty older sister, fated to die before thirty; his earthy nursemaid, who introduced Rezzori to the power of storytelling and the inevitability of death; and a

---

beloved governess, Bunchy. Telling their stories, Rezzori tells his own, holding his early life to the light like a crystal until it shines for us with a prismatic brilliance.

### Anti-Semitism before the Holocaust Schocken

\*The International Bestseller\* Is there anything more cut-throat than global politics? Wherever you turn — Europe, Russia, China, Korea, Syria, the Middle East — we are living in a time of global geopolitical power plays. Once an insider to this closed world, Pedro Banos reveals that however it might be smoothed over by the PR of political diplomacy, the world of geopolitics is one of war and conflict by strategic means, where countries have sought dominion and power over their rivals since the dawn of time. Banos presents this high-stakes game as a series of 22 universal rules on how to act and exert influence in the international sphere. Each principle is

contextualised in both classical and modern history, from Bismarck to Kissinger, but also related to the current world of Trump, Putin and Xi Jinping. With titles like ‘ Kicking Away the Ladder ’ , ‘ The Tower of Champagne Glasses ’ , ‘ The Madman ’ , and ‘ The Mule and the Saddlebags ’ , How They Rule the World is a practical set of rules for engagement that can be enjoyed by anyone. Written with the philosophic, aphoristic timelessness of a von Bulow, Sun Tzu or Machiavelli, Banos has created an utterly gripping manual on the secrets of how strategic power really works.

New York Review of Books

A New Translation From The French By Marion

Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night

---

is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.

Churchill and the Jews New York Review of Books  
The elusive narrator of this beautifully written, complex, and powerfully disconcerting novel is the scion of a decayed aristocratic family from the farther reaches of the defunct Austro-Hungarian Empire. In five psychologically fraught episodes, he revisits his past, from adolescence to middle age, a period that coincides with the twentieth-century's ugliest years. Central to each episode is what might be called the narrator's Jewish Question. He is no Nazi. To the contrary, he is apolitical, accommodating, cosmopolitan. He has Jewish friends and Jewish lovers, and their Jewishness is a matter of abiding

fascination to him. His deepest and most defining relationship may even be the strange dance of attraction and repulsion that throughout his life he has conducted with this forbidden, desired, inescapable, imaginary Jewish other. And yet it is just his relationship that has blinded him to – and makes him complicit in – the terrible realities his era. Lyrical, witty, satirical, and unblinking, Gregor von Rezzori's most controversial work is an intimate foray into the emotional underworld of modern European history.

A masterwork of W. G. Sebald, now with a gorgeous new cover by the famed designer Peter Mendelsund The four long narratives in The Emigrants appear at first to be the straightforward biographies of four Germans in exile. Sebald reconstructs the lives of a painter, a doctor, an elementary-school teacher, and Great Uncle

---

Ambrose. Following (literally) in their footsteps, the narrator retraces routes of exile which lead from Lithuania to London, from Munich to Manchester, from the South German provinces to Switzerland, France, New York, Constantinople, and Jerusalem. Along with memories, documents, and diaries of the Holocaust, he collects photographs—the enigmatic snapshots which stud *The Emigrants* and bring to mind family photo albums. Sebald combines precise documentary with fictional motifs, and as he puts the question to realism, the four stories merge into one unfathomable requiem.

*The Definition of Anti-Semitism* Oxford University Press, USA

An account of the author's trip to the Bukovina and places throughout Germany and Italy in his eightieth year presents a portrait of a land still suffering the aftershocks of an uprising against corrupt Communism. By the author of *Memoirs of an Anti-*

*Semite.*

*All for Nothing* Metropolitan Books

Autobiography of Puhak Rakovsky, who broke from traditional upbringing to become a professional educator, Zionist activist, and feminist leader in the late nineteenth and early twentieth century Poland.

*Anti-Semite and Jew* Schocken

From the author of the controversial "Pope Pius XII: Architect of Peace" comes her strongest defense of the former pope yet. Fighting revisionist history that has smeared Pius XII's name as anti-Semitic and pro-Nazi, Marchione collects extensive documentation from the war years that paints an entirely different picture.

*Jews and Power* New York Review of Books

"First they came for the Communists, and I did not speak out—Because I was not a Communist..." Few today recognize the name Martin Niemöller, though many know his

---

famous confession. In *Then They Came for Me*, Matthew Hockenos traces Niem ö ller's evolution from a Nazi supporter to a determined opponent of Hitler, revealing him to be a more complicated figure than previously understood. Born into a traditionalist Prussian family, Niem ö ller welcomed Hitler's rise to power as an opportunity for national rebirth. Yet when the regime attempted to seize control of the Protestant Church, he helped lead the opposition and was soon arrested. After spending the war in concentration camps, Niem ö ller emerged a controversial figure: to his supporters he was a modern Luther, while his critics, including President Harry Truman, saw him as an unrepentant nationalist. A nuanced portrait of courage in the face of evil,

*Then They Came for Me* puts the question to us today: What would I have done?  
An Ermine in Czernopol Bloomsbury Publishing USA  
Mainly using untapped oral histories of Italian Jews and Catholics, this book shows that Catholics in Italy who saved Jews firmly believed they were doing so in consonance with the Pope's wishes, Readers will get to know these courageous individuals through their inspiring memoirs.  
Yours Is a Precious Witness strives to redraw a common picture of Pius XII. He spoke loudly -- not in words that would have resulted in Nazi retaliations, but in actions that directly saved thousands of Jews, Convents, monasteries and papal buildings in Italy became havens for refugees. Pius XXII did not bow to the Nazis and Fascists. He also did not bow to the pressure of world opinion. He took the more courageous

---

path of direct action. His example inspired Italians to respond with countless acts of individual heroism. The little-known result is that, while 67 percent of European Jews were killed, 85 percent of Italy's Jews were saved. The people who were there -- the people who knew best -- credit Pius XII for this moral victory.

#### Unchosen Rowman & Littlefield

Fearless, iconic poet, novelist, and feminist Erica Jong offers a fascinating in-depth appreciation of the controversial life and work of American literary giant Henry Miller. Henry Miller (*Tropic of Cancer*) and Erica Jong (*Fear of Flying*) are true literary soul mates. Both authors have been, in equal measure, lauded for their creative genius and maligned for their frank treatment of human sexuality. So who better than Erica Jong to offer an expert appraisal and appreciation of Henry Miller, the man and his art? At once a critical

study, a biography, a memoir of a remarkable friendship, and a celebration of the life and work of the author whom Erica Jong compares to Whitman, *The Devil at Large* explores the peaks and valleys of Miller's storied writing career. It examines his tumultuous relationships—including his doomed marriage to June Mansfield and his lifelong tenuous bond with his mother—and confirms his standing as a creative genius. Jong, a renowned feminist, courageously answers critics who accuse her subject of degrading women in his fiction, suggesting instead that he sought to demystify them by means of the “violent verbal magic of his books.” With grace, wit, warmth, and intelligence, Jong brings readers close to the man and his writing. There has never been a more incisive and insightful analysis of this exceptional American master. This ebook features an

---

illustrated biography of Erica Jong including rare photos and never-before-seen documents from the author ' s personal collection.

The Emigrants Metropolitan Books

On the day Pedro Sanjuan moved into his new office at the UN Secretariat in 1984, he had the foresight to unscrew his telephone receiver. Out fell a little packet of high-grade cocaine. When he confronted the undersecretary to the chief Soviet diplomat—really a KGB colonel and the top Russian spy—the agent laughed good-naturedly and congratulated him on passing the test. That was the beginning of Sanjuan ' s long, peculiar odyssey into the looking-glass world of the United Nations Secretariat.

Pedro Sanjuan had been appointed by then – Vice President George H. W. Bush to

a high-ranking UN post. His real mission: to keep an eye on Soviet espionage activities. Over the years, the Russians had managed to install nearly four hundred KGB and GRU agents in strategic positions throughout the Secretariat, and had turned it into a massive spy facility, operating openly and with absolute impunity on American soil. But this, it turned out, was the least of the problem. Sanjuan soon discovered that incompetence, corruption, anti-Semitism, and outright criminality were rife throughout the UN Secretariat. Among the shady activities that he personally observed or documented were rigged bidding for major service contracts; drug transactions conducted in the UN ' s parking garage; sale of shotguns and beryllium directly out of the UN building; ties to global

---

organized crime figures; use of UN Information Centers and other agencies to disseminate anti-US and pro-PLO propaganda; systematic theft and abuse of UN facilities and budgets in East Africa; graft and corruption in Vienna; widespread sexual harassment; use of the UN employee ' s lounge to plan anti-Israel and anti-US activities by Muslim delegates; open celebration of 9/11 by said delegates in the halls of the UN; and inexplicable tolerance of all of the above on the part of the secretary general and the US government. Sanjuan ' s cast of characters includes every secretary general from Kurt Waldheim to Kofi Annan, and a large number of bureaucratic rogues and scoundrels. Much of what he documents in *The UN Gang* is absurdly comical. But its

seriousness should not be overlooked. Ultimately, Sanjuan argues, the weakness and corruption of the UN is our own responsibility. During the Cold War, the superpowers conspired to render it a useless forum for international pronouncements and posturing. Now, however, it has become the focal point of global resistance to American interests and policies. Will we continue to host an unholy convention of anti-Semitic, America-hating hypocrites? Or will we take steps to reform this once-proud institution and make it serve the ends of peace, justice, and international order? Only time will tell. *How They Rule the World* Paulist Press

Appearing together in English for the first time, two masterpieces that take on the jazz age, the Nuremburg trials, postwar

---

commercialism, and the feat of writing a book, presented in one brilliant volume *The Death of My Brother Abel* and its delirious sequel, *Cain*, constitute the magnum opus of Gregor von Rezzori's prodigious career, the most ambitious, extravagant, outrageous, and deeply considered achievement of this wildly original and never less than provocative master of the novel. In *Abel and Cain*, the original book, long out of print, is reissued in a fully revised translation; *Cain* appears for the first time in English. *The Death of My Brother Abel* zigzags across the middle of the twentieth century, from the 1918 to 1968, taking in the Jazz Age, the Anschluss, the Nuremberg trials, and postwar commercialism. At the center of the book is the unnamed narrator, holed up in a Paris hotel and writing a kind of novel, a collage of sardonic and passionate set pieces about love and work, sex and writing, families and nations, and human treachery and cruelty. In *Cain*, that narrator is revealed as Aristide Subics, or so at least it appears, since Subics' identity is as unstable as the fictional apparatus that contains him and the times he lived through. Questions abound: How can a man who lived in a time of lies know himself? And is it even possible to tell the story of an era of lies truthfully? Primarily set in the bombed-out, rubble-strewn Hamburg of the years just after the war, the dark confusion and deadly confrontation and of *Cain and Abel*, inseparable brothers, goes on. *The Snows of Yesteryear* Random House This is the first book-length study to explore, in the context of the new anti-Semitism, the

---

question that has become central to its field of scholarship: What is anti-Semitism? It explains how the failure to define anti-Semitism properly has exacerbated regulatory paralysis at a regulatory agency responsible for combating it. It explores the various ways in which anti-Semitism has been defined, demonstrates the weaknesses in prior efforts, develops a new definition of anti-Semitism, and explain the implications for efforts to combat this problem.

Yours Is a Precious Witness New York Review of Books

'There is an old saying, 'Murder will out.' I am really unable to see why this should be so...' Israel Rank: The Autobiography of a Criminal (1907) inspired the classic Ealing film Kind Hearts and Coronets. But though both works are comedies

about a serial murderer, they are different creatures. The eponymous narrator of Roy Horniman's novel, son of a Jewish commercial traveller, offers his memoirs from the condemned cell, having murdered six people who stood between him and an earldom he hoped to inherit. Through Israel's story Horniman explores and parodies the anti-Semitic attitudes of Edwardian England. 'A superb thriller, but also a disturbing study in human nature. The narrative pace never slackens, thanks to the sparseness and elegance of Horniman's prose... it is a book of its time, quite faithful to it, and (despite its 400 pages) over all too quickly.' Simon Heffer, in his Preface
