The elusive narrator of this beautifully written, complex, and powerfully disconcerting novel is the scion of a decayed aristocratic family from the farther reaches of the defunct Austro-Hungarian Empire. In five psychologically fraught episodes, he revisits his past, from adolescence to middle age, a period that coincides with the twentieth century's ugliest years.

[Gregor von Rezzori: ?Memoirs of an Anti-Semite? | 100 ...](#)

"In his remarkable Memoirs of an Anti-Semite: A Novel in Five Stories...von Rezzori brought his lost homeland back to life so sharply and in such pungent detail that we feel from the first sentences as though we have lived there ourselves...For all its poignancy, Memoirs is no foray into nostalgia but a deliberately fragmented, and often quite funny, version of the classic German bildungsroman' — what might be termed the novel of formative influences."

[Memoirs of an Anti-Semite - Gregor Von Rezzori - Google Books](#)

The anti-semitism is very much tongue in cheek. There are no bullying brown or black shirted morons here. Not yet, at least. However, the author does show how anti-semitism was ingrained in the Christian mind set and considered to be an unthinking natural state among the

populations of many countries in central Europe in that period.
