But Angela is anything but ordinary. The daughter of a meth addict, she is convinced she was born a freak. Haunted by an abusive childhood, she was forced to become a

woman far too soon. And in the process, she became more. Angela Constantine has a secret life. Angela juggles multiple jobs to live a secluded life in a cabin in the mountains. Because her family's bloodline carries the ability to recognize killers, she adopts a solitary, violent existence in service of her own, personal mission in life. When Angela unexpectedly finds herself the prey of a group of international terrorists, she is the only one who knows the truth of what they are about to do. She might look like an unlikely hero. She might also be our only hope. Angela Constantine is . . . *The Girl in the Moon*.

They were pitted against each other in childhood, and their father left them with a legacy that was a race to the finish-whoever has an heir first inherits the lands. The only problem is that Brochan has given his loyalty to the Scots, and his brother to the English. In order to keep the lands and ships under Scottish control, Robert the Bruce demands Brochan marry to break the iron-clad will. His new bride harbors a fiery temperament that lures Brochan into stoking her passions instead of her ire. Aligned to strengthen the Scottish claims on the realm, Brochan and Ceana must work together to overcome the obstacles that bind them. It is morning in America, many years in the future. As the 22nd century approaches, the United States and Canada have been shattered by war and upheaval and have broken up into separate ethnic, racial, and political enclaves. On the east coast a crumbling, bankrupt and

tottering United States government still holds a weak and impotent sway over a ragged collection of tattered states and cities, but life is chaotic and plagued with poverty, violence, and desperation. The entire Southwest, beginning with Texas and extending westward to southern California and north as far as Utah, has become the Spanish-speaking Mexican state of Aztlan. And in the Pacific Northwest, from northern California on up to Alaska, a brutal fascist and white supremacist dictatorship rules the Northwest American Republic. Colonel Donald Redmond of the Bureau of State Security (BOSS) is one of the Northwest Republic's most ruthless and skillful political policemen. Then on a bright October morning he is called into the office of the State President, where he is given a top-secret assignment. A skeleton from the bloody and treacherous days of the

revolution against America is about to emerge from the closet, and one of the most carefully guarded and suppressed mysteries of that revolution may become public knowledge. That long hidden truth may undermine the very moral and political foundations of the white supremacist state. A woman's life hangs in the balance, but possibly even the fate of a continent as well, as Donald Redmond and his partner Sergeant Nel plunge into the past and seek for the answer: who betrayed the Olympic Flying Column, and why? In *The Hill of the Ravens*, underground cult novelist H. A. Covington offers us a grim and chilling view of a future that may yet come to be.
