captures the voices
of African female

professionals and vividly portrays the women's continuous negotiation as wives, mothers, single women, and workers.

Playing to Win Routledge

This book contains the pedigree name, date of birth, sire and dam's pedigree name of every Miniature Pinscher registered with the UK Kennel Club from 1984 to 1993, from 1988 coat colours are also included, making this book a valuable research tool for all

Miniature Pinscher breeders. Christianity and Genocide in Rwanda Sunrise Publishing Throughout the eighteenth century, an ever-sharper distinction emerged between Jews of the old order and those who were self-consciously of a new world. As aspirations for liberation clashed with adherence to tradition, as national, ethnic, cultural, and other alternatives emerged and a long, circuitous search for identity began, it was no longer evident that the definition of Jewishness

would be based on the beliefs and practices surrounding the study of the Torah. In *The Origins of Jewish Secularization in Eighteenth-Century Europe* Shmuel Feiner reconstructs this evolution by listening to the voices of those who participated in the process and by deciphering its cultural codes and meanings. On the one hand, a great majority of observant Jews still accepted the authority of the Talmud and the leadership of the rabbis; on the other, there was a

gradually more conspicuous minority of "Epicureans" and "freethinkers." As the ground shifted, each individual was marked according to his or her place on the path between faith and heresy, between devoutness and permissiveness or indifference. Building on his award-winning Jewish Enlightenment, Feiner unfolds the story of critics of religion, mostly Ashkenazic Jews, who did not take active part in the secular intellectual revival known as the Haskalah. In open or concealed rebellion, Feiner's subjects lived primarily in the cities of western and central Europe—Altona-Hamburg, Amsterdam, London, Berlin, Breslau, and Prague. They participated as "fashionable" Jews adopting the habits and clothing of the surrounding Gentile society. Several also adopted the deist worldview of Enlightenment Europe, rejecting faith in revelation, the authority of Scripture, and the obligation to observe the commandments. Peering into the synagogue, observing individuals in the coffeehouse or strolling the boulevards, and peeking into the bedroom, Feiner recovers forgotten critics of religion from both the margins and the center of Jewish discourse. His is a pioneering work on the origins of one of the most significant transformations of modern Jewish history.

This book examines the "who, what, when, where, and how" of elite-white-male dominance in U.S. and global society. In spite of their domination in the

United States and globally elite white men might seem obvious, but they are rarely that we document herein, analyzed for their elite white men have seldom extraordinary significance. been called out and analyzed as such. They While the principal focus of have received little to no this book is on neglected explicit attention with research and policy regard to systemic racism questions about the elite- issues, as well as white-male role and associated classism and dominance in the system of sexism issues. Almost all racial oppression in the public and scholarly United States and globally, discussions of U.S. racism because of their positioning fail to explicitly foreground at the top of several elite white men or to focus societal hierarchies the authors periodically address specifically on how their their role and dominance in interlocking racial, class, and gender statuses affect other oppressive (e.g., their globally powerful class, gender) hierarchies. decisionmaking. Some of *Men of Danger* UNC Press Books the power positions of these Radio talk show host Eve Reilly is used to backlash from her pot-stirring on-air commentary and interviews, but now it seems a disgruntled listener is resorting to more than angry words to express their displeasure. When a suspicious package arrives on her doorstep, Eve turns to law enforcement for help. Police detective Brent Lange can't find any evidence to link the string of unsettling incidents that follows, but he's convinced they're connected. As the harassment grows more menacing, it becomes clear someone wants Eve's voice silenced--permanently. But unless he can track down her foe, fast, the gutsy woman who is willing to take risks for what she believes--and who is swiftly

winning his heart--may not survive. Bestselling author and three-time RITA Award winner Irene Hannon is back with a heart-stopping new series that will have you turning pages well into the night.

Maverick Oxford University Press, USA

The transformation from Communist rule towards democratic development in Russia cannot be fully understood without taking the elites into full consideration. *Elites and Democratic Development in Russia* examines how elites support and challenge democracy and why they are crucial to Russian

democracy in particular. In this innovative volume, twelve respected scholars investigate how elites have affected the transition from Communist rule towards democratic development in Russia. They discuss how the elites' degree of integration on national and regional levels may constitute the main condition for the consolidation of the emerging political regime and interpret the complex post-communist elite patterns of behaviour and attitudes into a theoretical framework of elitist democracy. This book will appeal to those interested in democratization,

elites, post-Soviet Russia and post-communist studies. *Point of Danger (Triple Threat Book #1)* Routledge Originally published in 1966, this book brings together papers dealing with the emergence and development of elites in sub-Saharan Africa among social categories ranging from farmers and women market traders through foremen and merchants to administrators and managers in government and industry. The authors analyse distinctive social characteristics and attitudes and the development of class consciousness.

Although Rwanda is among the most Christian countries in Africa, in the 1994 genocide, church buildings became the primary killing grounds. To explain why so many Christians participated in the violence, this book looks at the history of Christian engagement in Rwanda and then turns to a rich body of original national- and local-level research to argue that Rwanda's churches have consistently allied themselves with the state and played ethnic politics. Comparing two local Presbyterian parishes in Kibuye before the genocide demonstrates that progressive forces were seeking to

democratize the churches. Just as Hutu politicians used the genocide of Tutsi to assert political power and crush democratic reform, church leaders supported the genocide to secure their own power. The fact that Christianity inspired some Rwandans to oppose the genocide demonstrates that opposition by the churches was possible and might have hindered the violence.

Elite White Men Ruling
University of Arizona Press
Drawing on a diverse, comparative ethnographic literature, this new volume examines the intimate spaces and cultural practices of those elites who occupy positions of

power and authority across a variety of different settings. Using ethnographic case studies from a wide range of geographical areas, including Mexico, Peru, Amazonia, Indonesia, Sri Lanka, Europe, North America and Africa, the contributors explore the inner worlds of meaning and practice that define and sustain elite identities. They also provide insights into the cultural mechanisms that maintain elite status, and into the complex ways that elite groups relate to, and are embedded within, wider social and historical processes. *Ambitious Rebels* University of

Choose your own path, and build the story you want! You are Hebrew warriors in the early years of King David of Israel. When Philistine spies creep across the border, it falls to you to discover their evil plot and foil their plans before it's too late! Will you triumph over the enemies of Israel? Will you protect what your people have worked so hard to build? Will you rise up and become one of the King's elite warriors? Find out, in *David's Mighty Men: Danger in Hebron!*

Dangerous Economies Revell

From the Preface: The purpose of this book is to explain the Western's popularity. While the

Western itself may seem simple (it isn't quite), an explanation of its popularity cannot be; for the Western, like any myth, stands between individual human consciousness and society. If a myth is popular, it must somehow appeal to or reinforce the individuals who view it by communicating a symbolic meaning to them. This meaning must, in turn, reflect the particular social institutions and attitudes that have created and continue to nourish the myth. Thus, a myth must tell its viewers about themselves and their society. This study, which takes up the question of the Western as an American myth, will lead us into abstract structural theory as well as

economic and political history.

Mostly, however, it will take us into the movies, the spectacular and not-so-spectacular sagebrush of the cinema. Unlike most works of social science, the data on which my analysis is based is available to all of my readers, either at the local theater or, more likely, on the late, late show. I hope you will take the opportunity, whenever it is offered, to check my findings and test my interpretations; the effort is small and the rewards are many. And if your wife, husband, mother, or child asks you why you are wasting your time staring at Westerns on TV in the middle of the night, tell them firmly—as I often did—that you are doing

research in social science.
Impending Strike Routledge
Based on previously
unexplored archival
documentation, this book
offers the first general
overview of the history of
Italian eugenics, not limited to
the decades of Fascist regime,
but instead ranging from the
beginning of the 1900s to the
first half of the 1970s. The
Author discusses several
fundamental themes of the
comparative history of
eugenics: the importance of the
Latin eugenic model; the
relationship between eugenics
and fascism; the influence of

Catholicism on the eugenic
discourse and the complex links
between genetics and eugenics.
It examines the Liberal pre-
fascist period and the post-
WW2 transition from fascist
and racial eugenics to medical
and human genetics. As far as
fascist eugenics is concerned,
the book provides a refreshing
analysis, considering Italian
eugenics as the most important
case-study in order to define
Latin eugenics as an alternative
model to its Anglo-American,
German and Scandinavian
counterparts. Analyses in detail
the nature-nurture debate
during the State racist

campaign in fascist Italy
(1938–1943) as a boundary tool
in the contraposition between
the different institutional,
political and ideological
currents of fascist racism.
Elite Cultures Fortress Press
Micah Sloane knows almost
everything there is to know
about Risa Clay, including
the vicious betrayal she
endured years ago and the
distrust she's harbored ever
since. The only way for the
Elite Ops agent to uncover
an assassin—and banish the
ghosts of his own dark
past—is to use Risa as bait.

But nothing has prepared him for her disarming blend of innocence and sensuality, or for his overwhelming need to protect her... Risa has spent six years rebuilding her life. And now, to save it, she must pose as Micah's lover and draw a killer into the open. It's a risky plan—especially with a man as powerfully seductive as Micah. But, as their charade becomes reality, Risa realizes the greatest danger may lie in losing her heart forever... *Maverick* is an *Elite Ops* novel from Lora Leigh.

Political Science and Ideology
Berghahn Books
Honour, Violence and Emotions in History is the first book to draw on emerging cross-disciplinary scholarship on the study of emotions to analyse the history of honour and violence across a broad range of cultures and regions. Written by leading cultural and social historians from around the world, the book considers how emotions - particularly shame, anger, disgust, jealousy, despair and fear - have been provoked and expressed through culturally-embedded and historically specific understandings of honour. The collection explores a range of contexts, from 17th-

century China to 18th-century South Africa and 20th-century Europe, offering a broad and wide-ranging analysis of the interrelationships between honour, violence and emotions in history. This ground-breaking book will be of interest to all researchers studying the relationship between violence and the emotions.
[The New Elites of Tropical Africa](#) Central European University Press
Before the American Revolution, the people who lived in British North America were not just colonists; they were also imperial subjects. To think

of eighteenth-century New Yorkers as Britons rather than incipient Americans allows us fresh investigations into their world. How was the British Empire experienced by those who lived at its margins? How did the mundane affairs of ordinary New Yorkers affect the culture at the center of an enormous commercial empire? Dangerous Economies is a history of New York culture and commerce in the first two thirds of the eighteenth century, when Britain was just beginning to catch up with its imperial rivals, France and Spain. In that sparsely populated city on the fringe of an empire, enslaved Africans rubbed elbows with white indentured servants while the elite strove to maintain ties with European genteel culture. The transience of the city's people, goods, and fortunes created a notably fluid society in which establishing one's own status or verifying another's was a challenge. New York's shifting imperial identity created new avenues for success but also made success harder to define and demonstrate socially. Such a mobile urban milieu was the ideal breeding ground for crime and conspiracy, which became all too evident in 1741, when thirty slaves were executed and more than seventy other people were deported after being found guilty—on dubious evidence—of plotting a revolt. This sort of violent outburst was the unforeseen but unsurprising result of the seething culture that existed at the margins of the British

Empire.

Protecting him just might cost her everything... Elite Guardian Charlie Lee knows that there is no future with the woman he loves—fellow Guardian Lizzie Tremaine. And, he gets it—as a single mom, Lizzie has to protect her daughter. But more than anything, he wants the chance to prove himself. Then, the unthinkable happens—while working undercover, Charlie is

seriously injured...and his memory of the past four years is lost. Could it be the fresh start that he didn't realize he longed for?

Despite a friendship that's turned flirtatious at times, Lizzie Tremaine has held Charlie at arms' length. She's lost all the men she's ever loved, and is unwilling to risk her heart again. Still, she's glad to keep an eye on him—as his bodyguard—and while she's at it, help him put the pieces of his past together, including discovering who attacked

him, and why. But Charlie seems to have forgotten their agreed-upon professional distance—and suddenly, all the rules are off the table. She's seeing a side of Charlie she could possibly let into her heart. Problem is, the closer he gets to uncovering his memories, the closer he gets to trouble. It's her heart...or his life. What will protecting Charlie cost her? Another edge-of-your-seat Elite Guardians thriller! Want more Elite Guardians? Elite Guardians Collection Book 1: Driving Force Book

"By examining everyday life in Venezuela's post-colonial period, Reuben Zahler provides a broad perspective on conditions throughout the Americas and the tension between traditional norms

and new liberal standards during Venezuela's transformation from a Spanish colony to a modern republic"--
Negotiating Power and Privilege SUNY Press
Vladimir Putin has emerged as one of the key leaders of the twenty-first century. However, he is also recognized as one of the most divisive. Abroad, his assertion of Russia's interests and critique of the western-dominated international system has brought him into conflict with Atlantic

powers. Within Russia, he has balanced various factions within the elite intelligentsia alongside the wider support of Russian society. So what is the 'Putin paradox?'
Richard Sakwa grapples with Putin's personal and political development on both the international political scene and within the domestic political landscape of Russia. This study historicizes the Putin paradox, through theoretical, historical and political analysis and in light of wider developments in Russian society. Richard

Sakwa presents the Putin paradox as a unique regime type - balancing numerous contradictions - in order to adapt to its material environment while maintaining sufficient authority with which to shape it.

Unmanly Men Bloomsbury Publishing USA

Traces the development of U.S. military sports and explains how and why the American armed forces embraced sports as a crucial part of training and entertainment for the men

(and ultimately women) in uniform.

Risk, Culture, and Health Inequality University Press of Kansas

Faint traces of Indigenous people and their histories abound in American media, memory, and myths.

Indigeneity often remains absent or invisible, however, especially in contemporary political and intellectual discourse about white supremacy, anti-Blackness, and racism in general. In this ambitious new book, Kevin Bruyneel confronts the chronic displacement of Indigeneity in

the politics and discourse around race in American political theory and culture, arguing that the ongoing influence of settler-colonialism has undermined efforts to understand Indigenous politics while also hindering conversation around race itself. By reexamining major episodes, texts, writers, and memories of the political past from the seventeenth century to the present, Bruyneel reveals the power of settler memory at work in the persistent disavowal of Indigeneity. He also shows how Indigenous and Black intellectuals have

understood ties between racism and white settler memory, even as the settler dimensions of whiteness are frequently erased in our discourse about race, whether in conflicts over Indian mascots or the white nationalist underpinnings of Trumpism. Envisioning a new political future, Bruyneel challenges readers to refuse settler memory and consider a third reconstruction that can meaningfully link antiracism and anticolonialism.
