solve the Mensuration Problems,

all you need is to learn the

formulas and a lot of practice. You

can use the sticky notes in your

room to learn these formulas. Use

mock test papers for practice. At

least 3-4 test series should be

attempted by an aspirant in a day for best results.

Chapter 19 Mensuration of Sphere - PBTE

The best way to start this problem is to recall what the atomic mass means in the context of the problem. This is the standard atomic mass, which is the weighted average of all the isotopes.

"Weighted" in this situation means that the abundance of each isotope factors in to how it factors in to the overall the standard atomic mass for that particular element.

Mensuration - Aptitude Questions and Answers
